HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JULY 26, 1946

NUMBER 38

Work Starts On School's VA Building

ADDITIONAL BUS STALLS TO BE PROVIDED IN STRUCTURE, AS WELL AS CLASSROOM

Construction work was started this week on another addition to the Hamlin Public Schools system of buildings—this time a separate building for the vocational agricultural department of Hamlin High School.

The structure, being erected southwest of the high school building, will be connected on the east end of the present bus garage. New structure will be 84 by 36 feet, and will provide space for three new bus stalls, a 60x36 work shop, a 22x24 lecture room, office and storeroom.

Additional stalls for busses was made necessary by recent consolidation of six area school districts, students from which will be transported here in busses.

Stalls for the new busses will be in the south side of the new structure that will face south, matching the five-stall garage already on the campus. Work benches and tool supplies will occupy the north side of the building on the west end. More than \$2,000 worth of tools were recently received for the VA department, according to T. C. Blankinship, department instructor. A calf washing rack will occupy the extreme northwest corner of the shop room. Classroom will be in the east end.

Foundation was being dug first of the week, and footings will probably be poured this week-end. Welded steel framework will go up within two weeks, being made of fabricated pipe. Brick and concrete tile will be used for wall work.

School authorities stated this week that the new building will be ready by the time school opens in September. T. E. Shelburne & Son, contractors, are building the new VA edifice.

HAMLIN V. A. BOYS PRIME HEIFERS FOR WACO JERSEY SHOW

Two Hamlin High School VA Club boys are feeding and fitting Jersey heifers for participation in the Texas State Jersey Show scheduled at Waco September 3, 4 and 5, according to T. C. Blankinship, VA teacher.

Kenneth Holloway will show Queen Veda at the Waco exhibition. He is being sent to the state show by the West Texas Jersey Cattle Club by virtue of his Jersey heifer winning the grand championship at the Central Texas Jersey Show held at Abilene in May.

Weldon Townsend, another Hamlin VA boy, will show his yearling heifer, Lassie, during the three-day Waco exhibition. Both the boys have beautiful animals, Blankinship states, and stand good chances to place in the top brackets at the Waco show.

First place winners in the September exhibition will be sent on expense paid trips to the National Jersey Cattle Show in Columbus, Ohio, in October.

NEW LIONS PREXY

Clifford D. Pierce of Memphis, Tennessee, is the new president of the International Association of Lions Clubs. He was unanimously advanced from the first vice presidency to the presidency at the annual convention which closed July 19 in Philadelphia, Pennsylvania. Convention sessions were attended by Dr. J. W. McCrary, Hamlin delegate to the confab.

HAMLIN V. A. BOYS AND DADS FEAST ON BEEF SATURDAY

Hamlin High School vocational agriculture boys and their dads not only can raise fine beef—but they can do more than passing fair job when it comes to eating it.

That was the conclusion of T. C. Blankinship, VA instructor, after a two-hour get-together of the boys and their fathers Saturday evening at the Hamlin City Park.

The get-together and barbecue was an informal affair, at which County Agent H. C. Stanley Jr. gave demonstrations and Bryan Bradbury of Abilene spoke. About 130 boys and their fathers attended.

Barbecue and the trimmings were prepared by Mrs. Vera Davis, supervisor of the high school lunch room, and the vocational agriculture boys. A 40-pound hindquarter of beef was prepared.

County Agent Stanley gave a demonstration on use of sprays and sprayers. He used a home-made sprayer made from a barrel and other around-the-farm fixtures plus about \$1.50 worth of purchased parts. A spark plug compressor was attached to a car for pressure. He showed simple use of various sprays against insects on livestock, in poultry houses and on trees, including effective results against fleas around barns and poultry houses. Four per cent DDT soluble powder was recommended for most spraying. Stanley also talked on use of Austrian winter peas, vetch and Abruzzi rye for soil building cover crops.

Bradbury spoke to the group on current agricultural trends affecting area farmers and farm boys.

TWO MINISTERS IN REVIVAL MEET AT CALVARY CHURCH

Beginning Friday night of this week, the annual revival meeting at the Calvary Baptist Church is being conducted at the church site, block south of the Santa Fe depot. The series of services, being held at 11:00 a. m. and 8:00 p. m., will probably continue for two weeks, church officials tell The Herald.

Rev. Montgomery of Sherman will do the preaching from Friday until Monday evening, at which time Rev. C. C. Evans of McAllen will have charge of the remainder of the revival.

Church leaders invite people of the community to attend the services and take part in the evangelistic campaign.

J. T. Johnson and J. W. Griffin church leaders, explain that the church is at present without a pastor since Rev. J. W. Cundiff has given up the pastorate due to failing health, on advice of his physician.

War Service Book Goes to Press Soon

VETERANS AND RELATIVES IN COUNTY URGED TO TURN IN STORIES AND PICTURES

Saturday is the last day for Jones County citizens to get information and pictures of veterans for acceptance for use in the Jones County World War II Service book being sponsored by the newspapers of the county. The Herald is handling information for the Hamlin area.

Scores of veterans and their families have turned in information and pictures already, but the book is still incomplete. It is hoped that all veterans will be included in the service record.

All that needs to be done to be included in the book is to fill out an information form, to be found in the Hamlin Herald office or in advertisements which have appeared in The Herald, the old brick will be used for the walls, being placed three thick to form a 12-inch brick wall, which will be plastered on the inside and stuccoed on the outside. The building will be painted white inside and out.

Many persons who have pictures have indicated that they wish copies of the book. These people are reminded that order must be placed in advance because of the necessity of knowing how many books to print. If you desire a book, please come into the office at once. The books sell for \$3.50.

Hundreds of Jones County service men's pictures have been brought in, enough to assure the success of the book, but the management of The Herald is interested now in getting pictures of all service men and women of this county. This will become the recognized source book on this country's war effort, and every hope is held that it will be all inclusive.

Relatives of veterans are urged to make sure that the pictures of their veterans are included.

Food Supplies in U. S. Increase and Prices Go Up Without OPA Bar

Hamlin area folks were hearing this week that there is more food and higher prices, too.

That was a summary of conditions in primary food markets after three weeks of free, competitive buying and selling following termination of OPA price controls. But there were some catches to this simple summary.

Opponents of the OPA claimed that prices were no higher than they had been in black markets, where they said a large part of the trading had taken place, and that in addition the OPA had paid subsidies to producers which were a "hidden cost" exacted against the consumer.

Supporters of the OPA claimed that the increased supplies were artificially created by a desire to get current prices for fear that the price control might be revived and prices rolled back to their former ceilings.

HAMLIN AREA COTTON FARMERS PERK UP AT TALK OF PROSPECT OF 50-CENT PRICE

Hamlin area cotton farmers were evincing extreme interest this week in the probability of new all-time high prices for cotton this fall. With the county producing around 35,000 to 50,000 bales of cotton each year, any increase in the price of the staple would mean money in the pockets of Jones County people.

Talk of 40 and 50-cent cotton is being heard throughout the South since OPA controls apparently are off the market for good, and 35 cents a pound has just been passed for the first time in more than a score of years.

Discussing the crop, which today is worth a potential \$300,000,000 more than last June 1, J. E. McDonald, Texas commissioner of agriculture, predicts that the price may soar as high as 50 cents a pound within the next few months.

Another commissioner, Tom Lin-

WALLS GOING UP ON NEW ELEMENTARY SCHOOL BUILDING

Hamlin is going to have a new elementary school building some of these days!

And the new \$125,000 structure was taking shape this week with the actual starting of brick work on the east fronting of the building. Lewis Sweet holds the brick contract, and four bricklayers were at work this week on the project that is slated to be completed in October, according to present estimates of the general contractor, T. E. Shelburne & Son.

Foundations, flooring, plastering, stucco work, plumbing, lighting fixtures and woodwork will go along with the construction in a regular procession of construction, a representative of the contractor told The Herald Wednesday.

Practically all the old brick being salvaged from the former elementary school building erected on the site in 1906, have been cleaned and stacked at vantage points for the new building.

As given in previous stories in The Herald, the old brick will be used for the walls, being placed three thick to form a 12-inch brick wall, which will be plastered on the inside and stuccoed on the outside. The building will be painted white inside and out.

Oil Drilling Activities Continue in Three Wells

Hamlin area oil operations continued to hold the interest of operators of the region this week.

On the west side of the county, the Crown Central Petroleum Corporation No. 1 J. A. Butler, 330 feet from the east and 5,575 feet from the south line of William Littlefield Survey 882, extension attempt to the Swan Pool, is drilling ahead below 1,000 feet.

In the Nienda area, Kirk & Choat No. 2 Carroll has been officially gauged at 83 barrels on pump from pay at 2,872-82 feet.

Also drilling below 1,000 feet is the Bennett & Sorrells No. 1 W. E. Eoff, 3,200-foot cable tool wildcat four miles east of Hamlin, located 330 feet from the east and 324 feet from the north line of the northeast quarter of Subdivision 2 Austin & Williams Survey, lease 338.

Hamlin area folks were hearing this week that there is more food and higher prices, too.

That was a summary of conditions in primary food markets after three weeks of free, competitive buying and selling following termination of OPA price controls. But there were some catches to this simple summary.

Opponents of the OPA claimed that prices were no higher than they had been in black markets, where they said a large part of the trading had taken place, and that in addition the OPA had paid subsidies to producers which were a "hidden cost" exacted against the consumer.

Supporters of the OPA claimed that the increased supplies were artificially created by a desire to get current prices for fear that the price control might be revived and prices rolled back to their former ceilings.

HAMLIN AREA COTTON FARMERS PERK UP AT TALK OF PROSPECT OF 50-CENT PRICE

Hamlin area cotton farmers were evincing extreme interest this week in the probability of new all-time high prices for cotton this fall. Interest Runs High In Saturday Voting

PLENTY OF WATER

The Herald hasn't heard any intimation from either out-of-town or in-town sources about the water supply, but after our story in last week's issue calling attention to the fact that Hamlin has outgrown its present water processing facilities, we just wanted the world to know that . . .

There is no water shortage in Hamlin, such as facing neighboring cities. We have three well-filled lakes that will assure Hamlin plenty of water for years to come.

Filtering, pumping and storage capacities of the present water plant are operating just about at capacity. And expanded facilities will be on the way just as soon as equipment is available.

TRAVIS HASH NEW MANAGER OF S. & W. ENLARGED STORE

Opening date for the new S. & W. Variety Store on Central Avenue two days south of the City Drug Store, is indefinite, according to announcement made this week by Travis M. Hash, newly appointed manager of the store. Installation of fixtures, shelving and counters was completed this week, and most stocks needed for the opening have arrived, Hash states, but two to four weeks will be required to place the merchandise.

Hash comes to Hamlin from Stamford. Recently discharged from the Army after three and one-half years of duty for Uncle Sam, Hash has been with the Perry Brothers and S. & W. Variety Stores for several years.

Mary Bingham, formerly manager of the store, will still be connected with the newly decorated business, it was announced by S. & W. officials this week.

Jack Fryar of Sweetwater, area S. & W. Stores supervisor, is directing displays arrangement at the new store.

STATE OFFICIAL TO ATTEND MEETING OF JAYCEES MONDAY

A. C. (Slick) Sides of Abilene, newly elected vice president of the Texas Junior Chamber of Commerce, and several other members of the Abilene Jaycee organization will be present Monday evening when the Hamlin Junior Chamber of Commerce meets at the Hamlin high school building, according to Charles Prather, Hamlin Jaycee president. A large attendance of the local organization is urged.

Sides is a popular moving spirit in the Jaycee movement in Texas, as evidenced by his recent election to the vice presidency. An outstanding speaker, Hamlin Jaycees who attend the Monday evening session will be well repaid for any extra effort to attend, Prather declares.

In a business session at the Monday meeting the matter of making a luncheon club of the local civic group will be discussed. Weekly or bi-weekly luncheons would be held if plans of some of the officials are adopted.

L. C. Houghtons Have Son.

Mr. and Mrs. L. C. Houghton are announcing the arrival of a son, who has been named Lloyd Alton. The youngster, who weighed eight and one-half pounds, was born July 11 in the Hendrick Memorial Hospital at Abilene.

GOVERNOR'S RACE HOLDS TOP SPOT, WITH CONGRESS AND SHERIFF'S RACES HOT

Saturday is the big day that will climax months of hard work for scores of good Texans. And there will be some disappointments—because there just aren't enough public offices to go around to all the well meaning folks seeking to serve as public officials.

Some mighty good Jones County folks are going to be among the also-ran group because enough of their friends didn't pick them as winners when they mark their ballots this week-end. Of course you know that

Saturday is election day throughout Texas. And a lively day it will be in Jones County as a record vote of between 5,500 and 6,000 is expected to mark ballots in the July 27 primary election.

Interest in political races in Jones County and Hamlin has gradually mounted. In the state races the run for governor tops the interest list. All sorts of predictions have been made about the standing of candidates. State polls have indicated that Homer P. Rainey will probably lead the 14-man field with Beauford Jester and Grover Sellers trailing not far behind.

Race for Congress holds next top-flight interest. Eight candidates have conducted probably the most strenuous bids for this important office in the history of the 17th Congressional District. Two Jones County men are in the running.

Race for county sheriff probably tops interest in the county races. Incumbent W. A. Dunwody is being opposed by Mose M. Jones and O. J. Ball. County judge's race probably is next in interest. Three newcomers are vieing for the place being vacated by County Judge Gilbert Smith.

Complete election ballot, with the names in the order in which they appear on the official ballot in Jones County is reproduced by The Herald for benefit of citizens who want to study the ticket before going to the polls Saturday. The ballot follows:

For United States Senator—Floyd E. Ryan of Harris County, A. B. (Cyclone) Davis of Dallas County, Tom Connally of Falls County, LaVerne Somerville of Dallas County, Terrell Sledge of Hays County.

For Governor—C. B. Shaw of Harris County, Walter Scott McNutt of Marion County, Reese Turner of Travis County, John Lee Smith of Throckmorton County, Homer P. Rainey of Travis County, Charles B. Hutchison of Dallas County, Floyd Brinkley of Harris County, W. J. Minton of Grayson County, Beauford Jester of Navarro County, Jerry Sadler of Gregg County, Grover Sellers of Hopkins County, A. J. Burks of Ector County, William V. Brown of Bowie County, Caso March of McLennan County.

For Lieutenant Governor—Allan Shivers of Jefferson County, Boyce House of Tarrant County, Larry Mills of Dallas County, Jo Ed Winfree of Harris County, Turner Walker of Harris County.

For Comptroller of Public Accounts—George H. Sheppard of Nolan County, Clifford E. Butler of Harris County.

For State Treasurer—Jesse James of Travis County, Clarence Williams of Travis County.

For Commissioner of the General Land Office—Bascom Giles of Travis County.

For Attorney General—Pat M. Neff Jr. of Harris County, Price Daniel of Liberty County.

For Superintendent of Public Instruction—L. A. Woods of McLennan County.

For Commissioner of Agriculture—R. E. McDonald of Travis County, W. R. Chambers of Brown County, Benjamin F. Hill of Dallas County, J. E. McDonald of Ellis County.

For Railroad Commissioner—Olin Culberson of Jackson County, Mac

WOMEN IN THE NEWS

Catherine Crowley and North Dakota Man Wed

Catherine Crowley, daughter of Mr. and Mrs. Jerry Crowley of McCaulley, became the bride of Corporal Erney Pehkonen, son of Mr. and Mrs. Jacob Pehkonen of Brockett, North Dakota, on July 13 in the home of Rev. Silas Dickson at Anson.

The bride wore a turquoise blue dress with white accessories. She wore a corsage of pink gladioli and carried a small white Bible, a gift from the bride's maid.

For "something old" and "something borrowed" she wore a brooch pin which belonged to her mother.

Present at the wedding were Bob DeArmand, who was best man, of Little Rock, Arkansas; LaVern Hobbs of Fort Worth, who was bride's maid; Mr. and Mrs. Jerry Crowley of McCaulley, Evelyn West of Lubbock and Mr. and Mrs. O. K. Hoyle and children of Seymour.

Call 241 and tell your news items.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite and digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

Clota Rae Jones Weds in Lubbock Ceremony

Clota Rae Jones, daughter of Mrs. Bessie E. Jones of Lubbock, former Hamlin residents, and Quanah P. Maddox, son of Mr. and Mrs. Benjamin A. Maddox of Lubbock, were married in the parlor of the First Methodist Church at 7:30 o'clock Wednesday night.

Dr. L. N. Lipscomb, district superintendent of the Methodist Church, officiated for the double ring ceremony.

Mrs. James Williamson was matron-of-honor. The bridegroom's father was best man.

The ceremony was performed before the fireplace. A plaque of white gladioli was on the mantle. Palms and candelabra were on either side and a screen of woodwardia fern was in front of the fireplace.

The bride wore a Pannier model dress of white crepe with white accessories and a shoulder pin of rhinestone and pearl. She carried a purple orchid showered with white carnations on a prayer book.

The matron-of-honor wore a pink cable net dress, with white felt hat and other accessories of black.

Following a wedding trip to Denver, Colorado, by way of Santa Fe and Las Vegas, New Mexico, the couple will be at home in Lubbock.

For traveling the bride wore an original aqua wool suit with brown tartan shell trimming and brown accessories.

The bride is a member of Beta Sigma Phi. She is a graduate of Hamlin High School.

The bridegroom was graduated from Lubbock High School and attended Texas Technological College. He was a member of the Centaur Club in Tech. He is a member of the Junior Chamber of Commerce. He is employed at Walton's Store.

Rountree-Ellis Rites Repeated at Abilene

Billie Faye Rountree, daughter of Mr. and Mrs. W. G. Rountree of Hamlin, and Thomas I. Ellis, son of Mr. and Mrs. Harry M. Ellis of Cleveland, Tennessee, were married Friday at the First Methodist Church in Abilene. Dr. O. P. Clark, pastor, read the double ring ceremony.

The bride wore a white eyelet pique suit with white accessories and had an orchid corsage. Her attendant was Joan Culbertson of Hamlin. Douglas Cox of Ballinger was best man.

For her going-away clothes she wore a yellow linen suit. Mr. and Mrs. Ellis are on a honeymoon trip to Dallas, Little Rock, Arkansas, and St. Louis, Missouri. The couple will return to Abilene August 24 to live.

Mrs. Ellis was honored with several pre-nuptial parties. A gift tea was given in the home of Mrs. Joe Culbertson, with Mrs. C. S. Barrow, Mrs. L. H. McBride, Mrs. Willard Maberry and Joan Culbertson serving as hostesses. A coffee was held in the home of Mrs. Holly Toler, with Mrs. G. R. Bennett, Mrs. H. D. Burton and Adelle Dixon as hostesses.

The bride is a graduate of Hamlin High School and McMurry College, Abilene. She was a member of T. I. P., the Student Association, Art Club, Chanters and McMurry Theater.

Ellis was a student in McMurry College, Abilene in 1942, when he entered the armed forces. He served three years in the Army and spent 24 months in China. He has re-entered McMurry College, where he is a member of the I. H. R. Club and the Indian Head Association.

A Play of Words.

A primary school boy was asked to write a sentence using the words "analyze" and "anatomy," so he wrote it in rhyme, as follows:

My analyze over the ocean,
O who will go over the ocean,
And bring back my anatomy.

Bride-Elect Honored At Thursday Coffee

Honoring Billie Faye Rountree, bride-elect of Tommy Ellis, Mrs. Holly Toler, Mrs. Gordon Bennett, Mrs. DeFrance Burton and Adelle Dixon entertained with a coffee last Thursday morning in the home of Mrs. Toler.

The entertaining rooms were decorated with arrangements of summer flowers. Guests registered in the bride's book, where each left her favorite recipe. Mrs. Toler then invited them into the dining room, where a color scheme of yellow and white was observed. The table was laid with a white Madiera cloth. The centerpiece consisted of yellow marigold and white oleander blossoms arranged in a low crystal bowl. A large silver tray held beautiful white Esther Reeds, tied with yellow and white ribbon, which were given as favors to the guests.

Petite cinnamon rolls and a variety of small fruits were served with the coffee. Mrs. Bennett presided at the coffee service, and was assisted at the table by Miss Dixon and Mrs. Burton.

Guests for the occasion were: The honoree, Miss Rountree; her mother, Mrs. W. C. Rountree; Mmes. Slinton Barrow, Joe Culbertson, E. L. Yeats, Mart Barrow, R. T. Spaulding of Odessa, B. S. Ferguson, Kenneth Parker, A. D. Ensey of Abilene, Marvin Carlton, Buren Carlton, William Adams of Odessa, Karen Bynum of Corpus Christi, Charles Prater, John K. Jones; Misses Joan Culbertson, Buna Rountree and Eleanor Temple.

Cradle Roll Department Entertained in Party

Cradle Roll Department of First Baptist Church was entertained with a party in the home of Mrs. Roy Johnson July 1.

After an hour of play, refreshments of ice cream and cookies were served to the following: George Deel, Patty Lynn Burnett, Bunny Patterton, John Henry Fields, Linda White, Roy Johnson Jr., Johnny Harold Stovall, Charlotte Wallace, Billy Norris, Ann and Jackie Grogan, Biaya, and Tommy Shelburne, and Mmes. Bill Deel, Bill Burnett, Wilburn Fields, Brandon White, Sigmund Stovall, and W. A. Norris, Cradle Roll teachers, and Mrs. W. Wallace, Mrs. Lester Shelburne and the hostess, Mrs. Johnson.

Looking Out for No. 1.

Man (leaning out of train window)—"Here, boy, take this 50 cents and get me a sandwich; get yourself one with the change."

Boy (returning just as train is pulling out, chewing wildly on a ham on white)—"Here's your quarter, mister. They only had one sandwich."

We'll never forget the time we took a cat out into the country to lose it and had to follow it back home.

Revis Robertson Weds Malakoff Girl July 6

Mary Louise Tidmore, daughter of Mr. and Mrs. I. P. Tidmore of Malakoff, became the bride of Revis Robertson, son of Mr. and Mrs. R. J. Robertson of Hamlin, at a ceremony performed by Rev. W. E. Floyd in the parsonage of the First Baptist Church in Athens July 6.

The couple is living in Hamlin, after a honeymoon trip to the Davis Mountains.

The bride is a graduate of North Texas State Teachers College at Denton. She taught at Wharton for two years.

Mr. Robertson is a graduate of Hardin-Simmons University, Abilene. He served in the Army Air Corps

FOR LAWN & GARDEN

Garden Rakes

RESERVATION OF FOODS URGED FOR WORLD SHORTAGE

Hamlin and Jones County families are being urged to do more home food preservation than ever before for the coming winter and spring. Anna Nabors, home demonstration agent for Jones County, reports that this year's goal is to exceed the record 4,000,000,000 jars of food canned by 25,000,000 housewives in one war year.

To safeguard American diets during the months to come when wheat products will continue to be in less than full supply, more vegetables especially will be needed to replace some of the food values and the "filling" quantity of the wheat that goes abroad. The more garden vegetables that are put up in homes and in community canning centers, the better the food insurance for this country. Prospects so far are for good vegetable and fruit crops this season, but production predicted so early in the season can rise or fall as weather permits or helps the crops. Adequate supplies of glass jars, jar rings and closures are expected. The supply of pressure canners has been increasing steadily. Housewives are advised, however, to lay in supplies of containers and equipment now to enable manufacturers to gauge demand and keep up production as needed.

City Fire Limits Defined.

In connection with the announcement made last week by city officials that enforcement of the ban against shooting of fireworks in the city fire limits would be made, the limits have been defined by officials bounded by Fifth Street on the north, 10th Street on the south, Farwell Avenue on the east and Union Avenue on the west.

TED MILES
for Congress

Robert R. Herring

CANDIDATE FOR
CONGRESS

TO THE VOTERS OF THE 17TH DISTRICT:

Today, we citizens of the United States stand at a crossroads. Upon the decisions you make and put into action on July 27th may depend the future course of our American life. If we fail, through our aroused actions, to secure an honest, strong-willed group of representatives in the Congress at this election, we will undoubtedly continue on this road of economic distress.

I have tried during this campaign to place my full and exact beliefs before you that you may justly consider my candidacy for the office of your representative. I have tried to point out that I believe many Americans today are blind to the true values of our life because of the greed for dollar bills, and I feel that enough men who realize the cost of these last four years, with all of its loss of life, can return our government to sound values and to you as average citizens.

I earnestly request your deepest consideration at the primary election July 27th.

Sincerely,

Robert R. Herring

JUST HUMANS

By GENE CARR

12 BATTERS MAKE AVERAGE OF .400 IN SOFTBALL LEAGUE

The league leading McCaulley softball team managed to place only one man in the .400 batting average class in a compilation of batting averages made for players in the Hamlin Softball League for the first half.

Junior Chamber of Commerce batters led in the select .400 class with four hitters for the batting lead. The Oilers were second with three. Four teams, the Fire Boys, VFW, Celotex, McCaulley and Radium each had only one man in the select group. Yellowjackets and Flat Top failed to place a man in the 12 man .400 or above group.

Batting averages compiled first of the week, including last week-end's games, follow:

Name	Team	AB	H	Pct.
Branscum, Fire Boys	17	8	.470	
Dutton, VFW	15	7	.466	
Hallums, Oilers	23	10	.435	
Miles, Jaycees	23	10	.435	
Houghton, Celotex	19	8	.421	
Cowan, Jaycees	31	13	.419	
Holland, Oilers	24	10	.408	
White, McCaulley	27	11	.407

Bill Armstrong Urges Consideration for Vote

To the Voters of Jones County: I am asking you to give consideration to my candidacy for county treasurer of Jones County.

I am thoroughly qualified, as you already know by my past work, to handle the duties of the office.

Not being able physically able to drive a car, there may be many in the county whom I have not seen. If so, please accept this as a personal solicitation for your vote.

This office is one of the most important in the county, and if elected, I will stay one the job and give my best to it as I have done in the past.

I will sincerely appreciate your support and influence.—C. J. (Bill) Armstrong, candidate for County Treasurer.

Opponents of Blanton Thanked for Clean Race

To the People of the 17th Congressional District:

I am unable financially to run the usual newspaper advertisements before the first primary, and I will not permit friends to run any for me.

I want to thank my seven opponents for a clean race, and to assure everyone that so far as I am concerned, it will remain the same through the second primary in August.

I would appreciate your votes and influence, and the honor of serving you as your representative in Congress.—William W. Blanton. (Pol. adv.)

We solicit your business and invite you to try our service.

Where Women Gather There's Talk . . .

and a lot of it is talk about Gas Refrigerator

Little wonder because of all the automatic refrigerators, only the Servel Gas Refrigerator offers these clear-cut advantages: Permanent silence . . . freedom from wear . . . long, dependable life . . . lowest operating cost. For the gas refrigerator freezing system is the only one with no moving parts to wear out. So they are talking and saying, "My next will be a gas refrigerator."

HAMLIN HOSPITAL NEEDS SUPPORT OF ALL

Officials of the Hamlin Hospital Association declare the community hospital definitely is to be built within the next several months, and adequate financing will be provided in one way or another. About half the desired number of family memberships have been subscribed. Balance of funds for the erection of the building has been provided by underwriting by public spirited citizens—all of whom already had taken memberships in the hospital group.

Such an institution deserves the whole-hearted support of people of the Hamlin vicinity. We believe a membership in the hospital association is a good investment for a family of any means. Provision has been made for installments to be paid on memberships, and many families are using that plan.

Of course the completed hospital will be open to anybody who needs its services, but the advantages of a membership in the unit will many times offset the enrollment cost. Is your family a member?

ALMIGHTY SENT HOT WEATHER FOR US

Of course, we admit we would have to look a long time to find someone who really enjoys the hot weather the good Lord has been sending to us recently, but the way some folks fume and fuss about it makes us want a hot cup of coffee. We say that to remark that the present generation is about the most "gripy" we can imagine.

The hot weather is the favorite subject of dislikes among the younger folks. Most of their mothers perspired over hot cook stoves in uninsulated houses where air-conditioning was unheard-of—and said little about it. They just took it for granted that it was hot in the summer and cold in the winter.

We contend that the Almighty knew what he was doing when He planned the seasons, and we believe they were made for our own good. Our bodies need to sweat out the poisons in our systems and the hot weather furnishes the cleansing process.

Imminent doctore declare that we will not live as long if we persist in cooling off so fast with modern air-conditioning. Most of the hot weather gripe comes from the shoulders up, anyway.

WILD SPENDING WILL CAUSE INFLATION

If the practice of seeing something a person wants, then that person spending his last nickel to buy that something—whether he needs it or not—becomes rampant with the American people, then an inflation is assured. That's the way the average unthinking child does his spending.

The woman who sees a pair of shoes advertised for \$15, which she knows aren't worth more than \$4.50, will cause inflation when she takes her last \$15 and buys those shoes. She may have six pairs of shoes at home which could do her. The man who pays a big bonus in order to buy a new automobile will cause inflation the same way.

Inflation will come just to the degree a wild spending American public makes it come.

During the survey of Hamlin stores last week by a Herald representative, a local merchant said he hoped the people would not pay the price for an item of food he was forced to put on it in order to show a reasonable margin of profit. "If my customers and those of other stores will refuse to pay that high price for the commodity, the price will come down in time," he said.

WHAT CONTEMPORARIES ARE SAYING

A NAME FOR THE TROUBLE

A year has passed since the shooting ceased in Europe, and in the interim the world's progress toward a permanent peace has been barely perceptible.

Senator Ball of Minnesota says the trouble is the gulf between the ideologies of the United States and Russia. Many will side with the senator; some will go farther, and say that as long as Russia is communist and the United States capitalist the threat of an all-consuming war will never abate. That, to our mind, is not the real trouble, nor any part of the real trouble. Before trying to isolate the real trouble and give it a name, let us look for its manifestations.

They can be found in the sharp, defensive insolence of the store clerk, the soda fountain boy, the filling station attendant; in the jostlings on a street car and the raucous petulance of the driver stalled behind a chap with a flat tire. That is a local manifestation.

They can be found in the bitter, stubborn wranglings of the union man and his boss, as to who shall get a little more and who shall have a little less less. That is a regional manifestation.

They can be found in the begrimed pittance of food which is flowing from this, the fattest of the world's nations, to the thin and hungry countries across the world. That is a national manifestation.

They can be found in the dark suspicions which sit, uninvited, at the council tables of the United Nations, and dictate the shrewd power thrust of one delegate, the truculent resistance of another.

Whatever this thing is, its potency can be tried by a simple theoretical test: Abstract it from the world, and the United Nations delegates could pack up and go home. Their job would be done.

Selfishness? It isn't that, because selfishness implies willful intent to promote one's own good at the expense of others, whereas this tendency, whatever it is, works to the detriment of all of us and each one of us.

Stupidity? Short-sightedness? These come nearer the fact.

But let's, for want of a better word, call it human nature, and acknowledge that while the world has grown up mightily in material things, its self-appointed master, man, is still mentally and spiritually a pathetic, myopic little shaver, furrow-browed over his A, B, Cs.

Can he, in the little time allowed him, grow up and solve the mighty problems that confront him? History alone holds the answer, but if he does, it will result from an urge within and a pressure from without. The pressure is undeniable, and it is possible to detect some little of the other force, the inner growth, over the ages. It may be that the combination will indeed effect a maturity of human behavior which will evoke within the Great Landlord some new confidence to impel him to extend the lease.

In any case, it wastes time to hunt abroad for the cause of the trouble, when it can so readily be found in the place where each man lives.—San Francisco Chronicle.

FARM AGENT SAYS POISON FOR COTTON PESTS IS SCARCE

Although cotton pests should be poisoned wherever they are damaging the crop, Hamlin area and Jones County cotton farmers are advised, the calcium arsenate should not be wasted, H. C. Stanley Jr., county agent says. He has been advised that there is little possibility of further supplies of calcium arsenate this year and probably none of nicotine.

Only two-thirds of a normal season's supply of calcium arsenate will be available for cotton growers for use against the boll weevil, according to U. S. Department of Agriculture estimates. Practically this entire supply is already in the hands of cotton-growers or in dealers' warehouses in the South. A shortage of arsenic will keep insecticide manufacturers from making additional supplies.

Nicotine, used to kill aphids on cotton, will not be available in quantities greater than last year, the department's bureau of entomology and plant quarantine reports. This means that any increased demand will in many cases prevent the practice of dusting calcium arsenate and nicotine as a combination treatment for both boll weevils and aphids.

Stanley recommends laying in a sufficient supply of insecticides, if available, as the first step toward control of cotton pests and using them promptly and in no greater quantity than necessary for proper control when needed.

"It's a buy!—with an OIL-PLATED engine!"

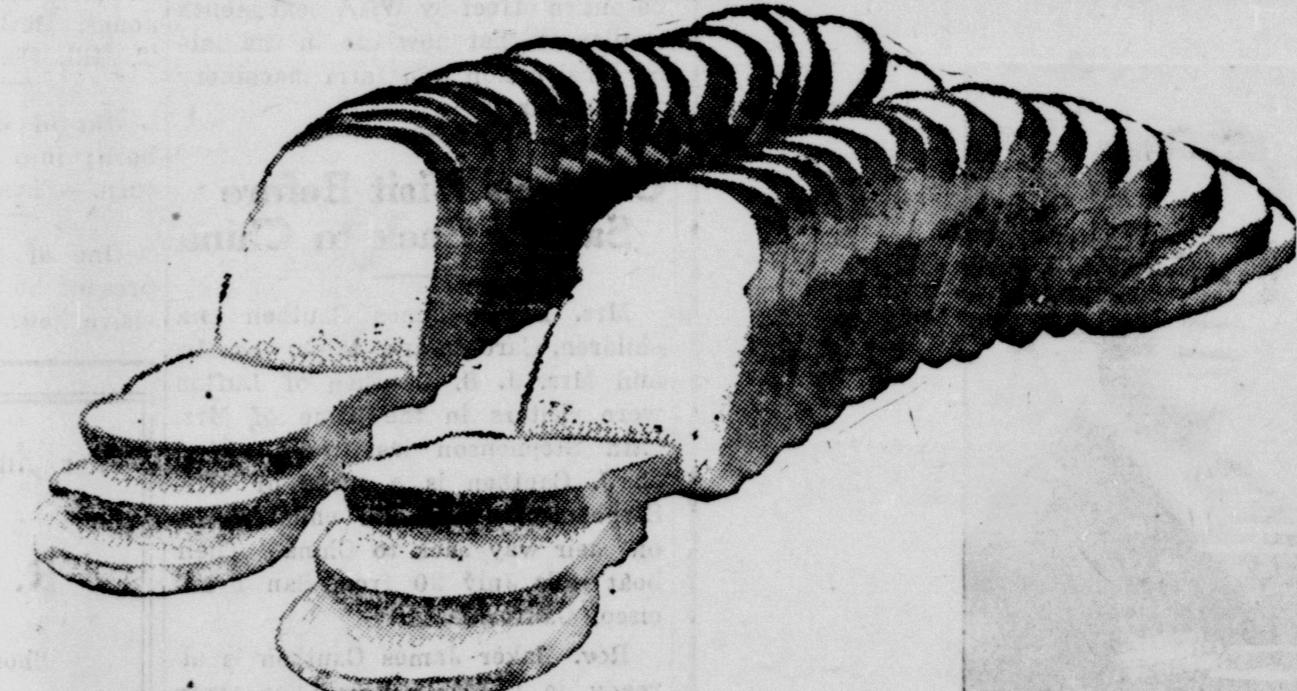

You want an eyeful of 1946 style.... And you're taking in many an earful on chassis features.... And you can have an OIL-PLATED engine—a wear-fighter!—by simply saying a mouthful. Just say you want Conoco Nth motor oil—because you want minimum carbon and sludge, plus fat mileage. Those gains depend largely on wear-resistance, and that's exactly what OIL-PLATING is for. Here is how it works...

In any make of new car—or equally well in your old car—OIL-PLATING will make an addition to inner engine surfaces. That's where it's fastened durably—across the path of wear—by Conoco Nth oil's magnet-like action. This power to OIL-PLATE and protect comes from the added Conoco Nth ingredient. It will add to the safety of your new car investment.... It will add to your veteran car's chances!.... And the cost it adds is a few cents! Get Conoco Nth oil—from Your Conoco Mileage Merchant. LIONS DIRECTORS PLAN PROJECTS OF CLUB IN NEW YEAR

President Delma Shelba of the Hamlin Lions Club reported Tuesday at noon in the Morgan Hotel on the plans of the board of directors. A special meeting of the group was held last Thursday evening to map projects for the ensuing year.

Among major activities planned for the immediate future include, Shelburne reported, a sight clinic for children of the Hamlin area; house numbering for the city of Hamlin; increased Boy Scout activities; and erection of a schedule of football games for the Hamlin High School Pied Pipers.

A ladies' night was tentatively set for the evening of August 13.

My Life Was Saved

BY
WEAVER BAUCUM

I have been in Jones County the past week of my own free-will to tell the voters about the courageousness and aggressiveness in Weaver Baucum's character and how these traits saved my life in January 1945.

Weaver Baucum came to my rescue after I had fallen onto wires charged with 23,000 volts of electricity and pulled me from the wires. As he was doing this, the full charge hit him and we both fell seven feet to a roof below, breaking his back in the fall.

This one incident, to my mind, is exemplary of the true caliber of the man for whom I solicit your support for Tax Assessor-Collector.

CROWDS GROW AT CITY FOURSQUARE CHURCH REVIVAL

Interested crowds are growing as services continue this week at the Foursquare Gospel Church, four blocks west of Central Avenue, in a revival meeting that began last week at the church, according to Rev. Luville Liles, pastor.

Rev. Lillie Pearce of Los Angeles, California, member of the Pearce Trio, is doing the preaching in the series of services that are being held each evening at 8:00 o'clock. Other members of the trio are Rev. W. F. Pearce and Rev. Marvin Pearce, his son, who are in charge of the music.

They Was, But Ain't

Visitor—"Are your father and brother in?"

Boy—"They was in, but they've went out."

Visitor (disapprovingly) — "Was in! They've went out! Where's your grammar?"

Boy—"She's in the kitchen."

In this world it is not what we take up, but what we give up, that makes us rich.—H. W. Beecher.

cal program. The Pearce Trio is well known for its work in evangelism in the western section of the country.

General public is invited to attend the remaining services of the meeting, according to local church leaders.

LITTLE CHANGE IN SOFTBALL LEAGUE STANDINGS SHOWN

Standings in the Hamlin Softball League remained unchanged from last week except for the Veterans of Foreign Wars climbing up the ladder a notch above the Oilers, who had been in third place. The Vets won two games since last week's tabulations.

Results of games since last week's report in The Herald follow:

Thursday—VFW 13, Fire Boys 4; McCaulley 16, Radium 11.

Friday—Jaycees 15, Yellowjackets 8; Oilers 15, Celotex 5.

Monday—VFW 8, Yellowjackets 1; Flat Top 13, Radium 3.

Tuesday—McCaulley 5, Oilers 1; Jaycees 6, Fire Boys 5.

Full season standings for the nine member teams, including Tuesday night's games, follow:

Team	P. W.	L. Pct.
McCaulley	10	.9
Jaycees	10	.8
Oilers	9	.6
V. F. W.	8	.6
Celotex	9	.5
Flat Top	9	.3
Fire Boys	9	.2
Radium	10	.2
Yellowjackets	10	.1

BITS OF NEWS ABOUT FOLKS YOU KNOW

Mr. and Mrs. T. L. Thomas of Fort Worth spent the week-end with their parents, Mr. and Mrs. W. L. Hunter Sr.

D. P. Connally, Herald employee, is this week spending his vacation at Snyder, Big Spring and other West Texas points.

Mr. and Mrs. G. W. Drummond and sons have returned from a trip to Carlsbad, New Mexico, the Sacramento Valley and Ruidoso.

Mr. and Mrs. Joe A. Simpson and daughters, Faith and Carol Joe, returned last week-end from a several-day vacation spent at Galveston.

Mr. and Mrs. Ernest Lee returned home Friday after spending a two-week vacation at Fort Worth with Mr. and Mrs. T. L. Thomas and at Spur with Mr. and Mrs. Noel Lee.

Personal Hygiene Is Vital in Fight Against Polio, Says Official

In addition to the general instructions for community sanitation which are important in prevent poliomyelitis, Dr. George W. Cox, state health officer, advises Hamlin area people an urgent warning to practice strict personal hygiene to protect each individual's health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of polio having reached a total of 292 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The state health officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean, and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures such as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; summing and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said. "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

Office supplies at The HERALD.

Mrs. Bell Scott of Tulsa is visiting her daughter, Mrs. Jack Fletcher, and family.

Mr. and Mrs. Charles Gardner are spending a week's vacation at Colorado Springs, Colorado.

Mr. and Mrs. Charles Jeffries of Fort Worth visited Mrs. Jeffries' mother, Mrs. L. F. Young, last weekend.

Pearl Hudson of the Bryant-Link Company store in Hamlin is at market this week in Dallas and Fort Worth.

Mr. and Mrs. Tex Moore are spending their summer vacation at Pahaska Teepee, a summer resort, at Cody, Wyoming.

Billye Stricklin, student at Hardin-Simmons University, Abilene, visited Mrs. Berye Travis last weekend. Miss Stricklin is of Lamesa.

Leslie Cowan and Billy Jack Miles have entered McMurry College, Abilene, where they plan to attend the second summer session and the fall semester.

Nettie Bowen and Mrs. Wallace Walton returned Tuesday from Colorado Springs and Denver, Colorado, where they have been spending their vacation.

Mr. and Mrs. George Bury and children, Don and Sandra Kay, and Margie Hallmark have just returned from a visit with Mr. and Mrs. Ed Bury at Brownwood and a visit at several other points. Mrs. Bury's niece returned with them for a two-week visit with Margie and the Burys.

Frank James Joiner Jr., grandson of Mrs. G. H. Joiner, is attending a trade school at Lancaster, Pennsylvania.

Billy Coltharp, son of Mr. and Mrs. Garland Coltharp, was home for the week-end. Billy is attending John Tarleton College, Stephenville.

Bettye George returned home last week from North Texas S. S. Teachers College, Denton, where she has been attending the first six weeks in summer school.

Mr. and Mrs. Ploy Layton of Midland and daughter, Mrs. Buddy Aechternacht and twin boys, of Dallas are guests this week to Mr. and Mrs. Jim Dickey and grandson, Don Greenway.

Mrs. Eula Seifres and boys, Kenneth Curtis, Raymond and Bobby, and Mrs. Seifres' mother, Mrs. Hines, spent last week in New Mexico, visiting Mrs. Hines' brother. Mrs. Seifres and boys went on to Carlsbad and went through the Caverns. The group returned by way of O'Donnell and visited with Mrs. Hines' niece, and also visited with friends at Tahoka.

Office: Just South of the Limit Cafe

"I have yet to meet a man who could get along with so many people—so well—in so many places." This was the tribute to Gib Sandefer by Melville de Mellow, Managing Director of the All-India Radio Station, Delhi, India.

GREETINGS:

To the Voters of Jones County:

I wish to take this method of soliciting your vote. I have tried to see each of you, but as you know, that is impossible.

If you see fit to elect me for sheriff, I will serve you to the best of my knowledge and ability. Your vote and influence will be greatly appreciated.

Thank you,

MOSE M. JONES

CANDIDATE FOR SHERIFF OF
JONES COUNTY

Friendliest West Texan

FOR REPRESENTATIVE

17TH CONGRESSIONAL DISTRICT

"Son, I've met thousands of people in this world, but never a man I didn't like," the late Will Rogers told a youthful Gib Sandefer 20 years ago on the Hardin-Simmons University campus, where the famed humorist and good-will diplomat was a guest.

And that oft-repeated saying of Will Rogers has been Gib Sandefer's creed down through the years. He has traveled the world over, and everywhere he has made and left friends.

Gib Sandefer was born and reared in the 17th Congressional District. He is 40, married and the father of one daughter. He is not wealthy, not aspiring to attain great quantities of the world's goods, but finding greater wealth instead in the friendships of his fellowman.

He attended Abilene Public Schools. In 1927 he was graduated from Hardin-Simmons University, where for 31 years his father, the late Dr. Jefferson Davis Sandefer, was president. He remained with the University as business manager of athletics and as manager of the famous and colorful Cowboy Band. It was through his ability to make the right contacts that the band toured 12 foreign countries, gave command performances before the crowned heads of Europe, and traveled 500,000 miles spreading in music and spirit the tradition of the West Texas Cowboy.

In 1929 Gib Sandefer bought a small ranch in Nolan County, and operated it with success until disposing of it in 1942.

He declined a Navy commission that carried a desk assignment in Washington, D. C., to become a field representative of the American Red Cross in various combat areas of the recent war—in Africa, Italy and in the China-Burma-India theater. Home, he toured the United States as a lecturer asking for greater world fellowship and a more thorough understanding of the other man's problems as the means of assuring peace in the world. He recently declined a lucrative radio contract in order to offer his services in a far greater field—as representative of his district in the halls of Congress.

 G. R. RIDDLE
 ROY C. BROWN

The Herald is authorized to announce the following candidates for office in Fisher County, subject to action of the Democratic primary election on July 27, 1946:

For Sheriff
 LEONARD G. BARNES

For Commissioner, Precinct No. 1:
 W. H. (HOSS) BARTON

For Commissioner, Precinct No. 2:
 E. C. WALDROP
 D. I. (IKE) WEST

0-Day Credit May Be Extended Vets Buying Surplus Property Units

Hamlin area veterans are interested in the announcement that Uncle Sam will extend a 30-day credit to Texas veterans who are owners of established businesses and to other business men who want to buy surplus property at forthcoming "on site" sales to be held in the Fort Worth region. Announcement was made this week by Hamilton Morton, WAA regional director.

Credit arrangements must be completed before the sales begin and buyers will have to pay cash unless they bring a "letter of credit" issued by the Fort Worth regional office.

Applications for credit may be made now by formal application by mail or in person to B. E. Winder, chief of the War Assets Administration's regional credit division, T. & Building, Fort Worth.

Total of \$35,000,000 worth of surplus property is expected to be offered at seven "on site" sales in the Fort Worth region during July, August and September.

L. B. Petty Serving in Japan with Paratroop Unit as Supply Clerk

Private First Class L. B. Petty, 19 years old, of Hamlin, is a paratrooper now serving with the 11th Airborne Division. His unit, the First Battalion, 187th Paraglider Infantry Regiment, is stationed in Hakodate, Hokkaido, Japan, and his occupational duty is fuel supply clerk for his battalion.

Private First Class Petty was inducted into the service at Fort Sam Houston, Texas, in March, 1945. He received infantry basic training at Camp Fannin, and in September, 1945, qualified as a parachutist at Fort Benning, Georgia. In March 1946, Petty joined the 11th Airborne Division overseas at Hakodate, Japan.

Prior to his entrance into the service, Petty was a student, and at the present time plans on furthering his education, becoming a petroleum engineer, after he is discharged from the Army.

Having served in the Pacific Theater, Private First Class Petty can now sport on the chest of his combat jacket the following awards: Japanese Occupation Ribbon, Good Conduct Ribbon and the Victory medal.

COMMITTEES FOR ROTARY YEAR ARE NAMED BY TEAGUE

Appointment of working committees for the Hamlin Rotary Club for the new fiscal year beginning on July 1 was announced this week by Tom Teague, president of the civic group.

The committees follow:

Classification Committee—Frank Waggoner and Ivy Witt.

Program Committee—W. F. (Bill) Martin and J. C. Turner.

Fellowship Committee—Emmett Yeats, J. T. Crawford and Dan D. Jones.

Attendance Committee—Arthur Albritton, Bowen Pope and J. B. Bowman.

Membership Committee—Manney Johnson and O. D. Roland.

Rotary Information and Magazine Committee—Ira Clements and Bowen Pope.

Rural-Urban Committee—Elmer Feagan and O. D. Roland.

4-H Club and FFA Committee—Claud Blankenship and Gean Witt.

Youth Service Committee—Gean Witt and Pat Marlow.

Veterans' Activities Committee—Pat Marlow, E. W. Cox and Brandon White.

Community Projects Committee—Eddie Jay and Paul Bryan.

Employer-Employee Committee—Tom Vasighan and Fred Carpenter.

Buyer-Seller Committee—Clyde Huff and M. T. York.

Ethical Standards Committee—John O'Neal and W. C. Weir.

International Service—Bowen Pope, Gean Witt and W. F. (Bill) Martin.

Home Agent Advises Shrubs Not Be Pruned After First of August

If you haven't pruned your shrubs by late July, wait until next year, Hannah Nabors, county home demonstration agent of Jones County, this week advises readers of The Hamlin Herald. Shrubs should not be pruned after late July.

Cutting back in summer tends to hold back growth of limbs, twigs and leaves and aids the plant to form a crop of fruit or flowers next spring. Prune out also all dead and diseased limbs and any branches which crowd other plants or get in the way of windows or paths.

Generally speaking, any deciduous shrubs—those which shed their leaves in the winter time—should be pruned at the same time.

Plants may be fertilized after pruning. Fertilizing later in the summer develops new growth which may be frost bitten before it hardens. Late pruning may do the same thing.

Some fellows are so suspicious they count their fingers after shaking hands.

Olin Culberson

Chairman of the Texas Railroad Commission, candidate for a second term as

RAILROAD COMMISSIONER

Bases his candidacy on his record of economical administration, his hard fight to conserve the Texas natural gas supply and his consistent drive for the removal of the freight rate discrimination against Texas farmers, fruit and vegetable growers, ranchers and other producers.

"I have carried out my pledges to follow the 'open door' policy of honesty and friendliness in the Commission's Austin office, have abolished 'favoritism' in Railroad Commission oil and gas regulation, truck, bus, rail and utility matters and have vigorously fought every attempt of federal control of oil and gas in Texas," said Mr. Culberson in his first re-election announcement.

"But the fight to make of the Texas Railroad Commission what Jim Hogg conceived it should be when he battled the 'special interests' to create the Commission has just started. Governor Hogg saw it as guardian of the people's rights and the public wealth. Olin Culberson sees the Commission's duty in that same light today. The economic structure of our state is founded largely on our great oil industry and our natural resources must not be squandered now but must be conserved for the welfare of future generations as well as for the benefit of the present. The oil, gas and transportation industries are safe in the experienced hands of Olin Culberson. One of the prime projects of my first term has been to stop the waste of gas. I have also worked to check the heedless and unrestricted exportation of our natural gas into states having cheap coal. I am most proud of my record on the score," said Culberson.

Culberson's greatest single achievement was his steadfast refusal to agree in 1941 to put into effect at once a 6 per cent increase on railroad freight rates on intrastate business ordered by the Interstate Commerce Commission. All 47 other states did put the increase into effect, costing their people plenty by doing so. A year passed, during which time Culberson still argued and delayed the installation of the 6 per cent hike in freight rates in Texas, and then the Interstate Commerce Commission suspended its order. The saving to Texas shippers was approximately \$5,000,000, proving that courage on the part of a public official pays great dividends when that official is devoted to the public welfare and is not afraid of political consequences when he fights for the people.

Chairman Culberson, nearing 60 and a veteran of World War I, was born in Coryell County. As a young man he worked in the Katy Railroad yard at Hillsboro as a switchman. He is truly the first railroad man to ever be elected Railroad Commissioner. He served Hill County both as County Clerk and then as County Judge before moving to Edna, Jackson County, in 1928 and engaging in the mercantile business and farming. Olin Culberson is a member of the Presbyterian Church, Lions Club, American Legion and is secretary of the Texas Volunteer Firemen with organizations in 515 towns, which membership is composed almost in its entirety of veterans of World War I or World War II.

PROGRAM OF WORK OUTLINED BY HEADS OF ROTARY UNITS

A busy club year is in the offing for the Hamlin Rotary Club, according to an outline of a year's work program by committee chairman who spoke at Wednesday noon's luncheon of the civic group at the Morgan Hotel. Chairman explaining activities were Tate May, J. C. Turner Jr., Mac Brundage and Bowen Pope.

The chairmen reviewed the various committees that were announced several days ago by President Tom Teague. Personnel of the committees may be found in another column of today's Herald.

Pope, in expounding his duties as chairman of international relations declared that every member of the club, in the small city of Hamlin, as a part of the state of Texas and the country of the United States, can do much to create better relations with other nations of the world. He urged attendants to be better neighbors with Mexico and South America, which, he said, are becoming closer and closer with improvement of communications and transportation.

Guests at the Rotary luncheon Wednesday included, S. J. Treadaway, W. K. Miller, Frank Etter, Robby Robinson and Gene McDaniel of Abilene, Luther Watson, L. A. Wilke and Elmer Wright of Sweetwater, George Jackson and C. K. Francis of Stamford and Ralph Wright of Abilene.

Livestock Prices Soar To Record New Highs

Cattle and hog prices spiraled to new high ground last week-end, although a softening undertone in the lower grades took the heat off buyers in later parts of the week-end.

Beef animals at Chicago reached a new historical peak of \$26.35, up 85 cents from the new record set last Tuesday.

Values on hogs reached the highest levels in 27 years at most markets. A top of \$22 went to good and choice lightweights at Chicago.

RAINY DAY FAVORITE

Favorite rainy day wear among young things is this new rain-coat done in cotton Byrd cloth. It's zipper-closed all the way down the front, has raglan sleeves and a flattering hood that goes to the head once the rain drops start to fall.

Eighteen Boys Go to Lueders Encampment From Baptist Church

Eighteen boys from the Hamlin First Baptist Church were this week attending the annual encampment for Royal Ambassadors, junior boys' organization, at Lueders. The camp for District 17, composed of 12 counties, opened Monday morning and was scheduled to be concluded Thursday afternoon.

Carl Smith is counsellor for the group. He and Rev. John H. Osteen, First Baptist Church pastor, accompanied the boys to the camp. Rev. Osteen conducted the morning devotional period each day. Floyd D. McCoy, educational director at the Hamlin church, was leading the song services for the camp.

Boys making the trip included Ben Niedecken, Billy Deel, Kenneth Barnett, Billy Sneed, Richard Clemmer, Sherrod Shaffer, John Watson, Eddie Blackwell, Billy Bivens, Marshall Bivens, Bobby Jack Hindman, Jimmy Pitcock, Robert Angel, Nelson Lowe, Bill Bellah, Robert Altom and Ben Bivens.

McCaulley Meeting Begins.

A series of revival services begin Sunday morning at the McCaulley Church of Christ, according to officials of the church. Third Sunday in July has been customary time for the McCaulley meeting for many years. The public is invited to attend the revival.

HAMLIN SCHOOLS TO GET \$45,000 FROM STATE PER CAPITA

Hamlin Consolidated Independent School District is slated to receive \$45,387 in state per capita apportionment for the coming year on the basis of 1,107 scholastics now included in the combined school district. This total is reached by multiplying the \$41 per capita set last week by the State Board of Education by the number of students in the district.

The \$41 per capita allotment was set recently by the state board at \$35 per student for the coming school year plus a special amount of \$6 taken from a surplus in the educational fund. The per capita apportionment for the school year closed in June was \$30 per student.

Since there are nearly 5,000 students in Jones County, the sum of money which the state will furnish to the schools will be approximately \$205,000, according to the county superintendent's office at Anson. This is an all-time record for Texas school apportionments.

Son—"Pop, I got a lickin' in school today and it's your fault."

Pop—"How's that, son?"

Son—"Remember when I asked you how much a million dollars was?"

Pop—"Yes, I remember."

Son—"Well, 'a helluva lot' isn't the right answer."

An optimist is a fellow who plants a couple of trees and then dashes to town to buy a hammock.

Housewives Urged to Help Can Peach Crop

Full cooperation of every Hamlin and Jones County housewife is needed to move the large peach crop now coming to market, W. H. Cook, chairman of the Jones County ACA committee, announced this week.

Current national crop is estimated at 81,065,000 bushels, only one per cent below the 81,600,000 bushels produced last year, the highest crop on record, he said. More than half of the new crop will be in consumer markets during the next 30 days.

Peaches are good, whether eaten raw or cooked, and may be prepared in numerous ways to provide variety in meals. Since commercially canned fruits will not be large enough to meet consumer demand during the coming months, now is a good time to home can, freeze and dry enough for use during winter months, he explained.

Phone 241 and tell us your news.

Shackelford County to Vote on Hospital Bonds

Hamlin and Jones County friends are interested in a petition signed by 160 people requesting a county-wide \$65,000 bond election for the purpose of erecting a county hospital, which has been presented to the Commissioners Court, and it is expected the bond election will be called for August 31.

Albany Chamber of Commerce has as one of its major projects for 1946 the erection of a hospital. Jones County voters recently rejected a \$200,000 bond issue for a county hospital.

ELZY BENNETT

Will Appreciate Your
Vote for

TAX ASSESSOR- COLLECTOR

I wish to take this opportunity of mentioning briefly my qualifications for the office of Tax Assessor-Collector of Jones County.

I was employed as a bank clerk in a national bank over three years and did administrative and clerical work in the Army for three and one-half years.

I am 25 years of age, married, and Jones County has always been my home.

During my present campaign I have tried to contact all the citizens of Jones County, but realizing this is an impossibility, I take this means of earnestly soliciting your vote and influence in the coming election. Anything done in my behalf will be greatly appreciated.

Sincerely yours,

ELZY BENNETT

Oma Spraberry COUNTY CLERK

Makes Statement to the People

of Jones County:

By way of solicitation of your vote on Saturday, July 27, wish to make this explanation:

Would like to say that the work in the County Clerk's office has been such that it has made it impossible for me to make a thorough county-wide campaign as I would like to have done. The work in this office for this year has almost doubled in comparison with 1944 and 1945, however, I had planned taking the last three weeks in July and seeing as many of you people as possible. But due to an accident which has come about by being attacked by a dog while campaigning in Hamlin, and which forced me to spend several days in the hospital and at home, it has made it impossible to complete my plans.

I have enjoyed serving the people of Jones County as your County Clerk, and wish to thank you for all past favors. If you see fit to return me to this important office, I assure you that I will give you my very best efforts and ability to serve as your public servant.

Sincerely submitted,

Mrs. Oma Spraberry

EX-SERVICE MEN OF AREA FILE CLAIMS AT LUBBOCK OFFICE

About a score of Hamlin area ex-service men's claims for compensation or pension have been handled at the Veterans Administration regional Office in Lubbock since June 1, according to a release from the headquarters, which reports that 4,488 claims have been received since the opening. Of this number 3,042 have been acted upon to date, Benjamin O. Murph, chief of adjudication, reported this week to The Herald.

This means that 3,042 West Texas veterans, or their beneficiaries, will soon know whether or not they are going to receive a pension or compensation check from the Veterans Administration.

About two-thirds of the claims pending are awaiting additional information from the veteran, physical examination or service records.

One out of every four veterans of World War II has filed a claim with the VA for disability pension, VA records show.

More than 250,000 veterans of World War II in Texas, Louisiana and Mississippi have filed pension claims, of which 118,752 were awarded pensions and 121,638 had their claims disallowed.

During the past three months the VA, on a nation-wide basis, has been adjudicating about 365,000 disability claims per month. Over 3,225,000 claims are expected to be adjudicated this year.

The VA has already paid out over \$500,000,000 to disabled veterans of World War II.

Disability pensions range from \$11.50 per month for 10 per cent disability to \$115 per month for total disability.

There are also statutory awards for certain specific total disabilities, such as blindness in both eyes, loss of the use of both hands, or para-

COTTON INSULATION TAKES TO THE RAILS

Cotton insulation advanced one step further into the industrial field when the Illinois Central Railroad recently installed cotton insulation in one of its rebuilt express refrigerator cars at Mc-

Comb, Mississippi, the National Cotton Council reports. In the photo above a workman demonstrates ease with which cotton can be installed in the roof of the car.

VA Teacher and Boys Buy Calves for Projects

T. C. Blankinship, Hamlin High School vocational agriculture teacher, and a group of his club boys were slated to go to Albany Wednesday, where they were to purchase three dry lot calves that will be used as project animals by Hamlin VA for the current year. About a dozen Hamlin boys already have dry lot calf projects underway, Blankinship announces.

A field day trip will be conducted in about two weeks when projects of various club boys will be inspected in the Hamlin area. The boys are conditioning their animals and poultry for the club project show to be held in Hamlin in September, the VA teacher announces.

Some girls are so skinny that all they'd have to do is close one eye and they'd pass for a needle.

plegia (spinal cord injury) which may be as high as \$300 a month.

VA urges Hamlin area veterans who believe they are entitled to a disability pension to file their claim within one year from date of discharge.

Payments on disability claims filed within the one-year period begin from the date of the veteran's discharge. Payments on claims filed after that period start from the date the claim is filed.

COUNTY CLERK NOT IN DANGER AFTER BITE BY HAMLIN DOG

County Clerk Mrs. Oma Spraberry sustained painful but not serious injury last Wednesday morning in Hamlin when a dog attacked her. A version of the incident is given The Herald as follows:

While campaigning in Hamlin, in approaching the home of Mr. and Mrs. Floyd Bevels on Alamo Avenue, some children were playing in the yard, and at that time there were three puppies from another nearby home on the porch, and the Bevels' bird dog—no kin of the puppies—represented the approach of Mrs. Spraberry. Before she could realize what was happening, the dog sprang at her and she threw up her right arm to ward it off. Her arm was grabbed and she jerked it away, causing a tooth to lacerate the arm. Mrs. Bevels and others at the home were as much excited as Mrs. Spraberry, but came to her rescue.

Mrs. Spraberry, in a telephone talk with Mr. Bevels Sunday reported she was doing fine and would be back in Hamlin to resume her canvassing. She was treated at a hospital in Stamford, and from what she says she was greatly shocked by the attack but is not uneasy about the result.

Mr. and Mrs. Bevels regret deeply the unfortunate thing happened, and within 15 minutes after the dog bit Mrs. Spraberry they had it killed. Up to Tuesday no report had been received from Austin, where the head was sent for examination for possible rabies infection. Mrs. Spraberry expressed regret that the dog had been killed.

It's a wonder that songs don't haunt people, the way they murder them.

If it really doesn't rain in California, then the sun sure must perspire a lot.

BILL LEHMBERG IS NEW COUNTY FARM AGENT NOW ON JOB

Bill Lehmburg is new assistant county agent for Jones County, according to announcement made this week by the county agent's office at Anson.

Lehmburg, graduate of Texas A. & M. College in 1943 with a bachelor of science degree in agronomy. He reported for duty last Monday.

After graduating from college in 1943, Bill immediately went to officers' school at Fort Benning, Georgia, where he received his commission in the infantry. He was then assigned to a training center where he spent a year before joining the 94th Infantry Division. Bill stayed with this unit until February, 1945, when he was wounded and returned to the U.S. from Germany. In May of this year he received his discharge from the Army and soon after attended a refresher course for county agricultural agents at A. & M.

C. W. Lehmburg, Bill's dad, was a county agent for 27 years, retiring May 1 at Brownwood. Under him Bill received training and experience during the summer months between school terms.

Men and women between 50 and 60 years of age are safer drivers than the youngsters.

Mental maturity is not reached until 40, and even continues to increase slowly until 60.

Carolyn Greenway To Sail for Europe Soon

Visiting in the home of Mr. and Mrs. Roscoe Greenway the past week was Captain Carolyn F. Greenway of St Louis, Missouri, who is preparing to go to Europe. She was joined here by her sister and husband, Mr. and Mrs. Dalbert Barron of Borger, and Guy Greenway of Crane.

Captain Greenway was one of the first Hamlin girls to join the WACs. She has been more than four years of Army service. Scott Field, Illinois, has been her base for several months.

The man who gives in when he is right is married.

Allan Shivers Is Fully Qualified

Senator Allan Shivers is the only candidate for Lieutenant Governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the Lieutenant Governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is also the only war veteran seeking the Lieutenant Governor's office.

POT-SHOTS FROM McCaulley

BY GEO DARDEN

Mr. and Mrs. Ben Short left Saturday for Gorman for a visit with his mother, who Sunday celebrated her seventy-ninth birthday. The Shorts will also visit Mrs. Short's brother, V. W. Day, at Gorman.

The George Dardens attended the county-wide political rally sponsored by the Parent-Teacher Association at Longworth last Thursday night. Almost all of the Fisher County candidates were there and made speeches in their behalf. This scribe went over to "pinch hit" for Gib Sandefer, who was unable to attend because of another rally at Cross Plains. A pie auction sale was featured with all proceeds going to the Longworth Parent-Teacher Association.

Wilson Smith of Winters is visiting in the home of his mother and a sister, Mrs. Roy Hennington.

Sergeant Johnny Griffin and wife of Grand Island, Nebraska, are visiting his parents, Mr. and Mrs. Jack Griffin. They will leave soon for Alaska, where he will be stationed in the 15th Air Forces.

Mrs. Sybil Stevenson of Abilene was visitor in the home of her parents, Mr. and Mrs. Jack Griffin, over the week-end.

Jerry Maberry of the United States Navy is home for the first time in many months. He is the son of Mr. and Mrs. J. D. Maberry.

The Methodist meeting began last Sunday at the tabernacle. Rev. A. B. Armstrong of Sylvester is doing the preaching. You are invited to attend.

Mr. and Mrs. Paul Benning and his mother, Mr. A. J. Benning of Tulsa, Oklahoma, were last week-end visitors in the home of Mr. and Mrs. O. T. Hennington.

Well, folks, the governor's race has boiled down to this: Money and slander vs. Homer P. Rainey and the people of Texas. Let's write the verdict next Saturday in favor of Rainey and the people.

Mr. and Mrs. Bill Edison and son, Don, of Sweetwater and Mr. and Mrs. Fred Aspion of Yuma, Arizona, visited last Sunday in the home of Mrs. Zelma Rush and daughter, Jerry.

Mrs. Roy Hennington and Ruby

Hennington and the following girls—Carol Hennington, Sara and Gene Kean—attended the girls' encampment at Lueders last week.

Mr. and Mrs. Jack Perryman and daughter and Betty Lou Sanders visited their mother and grandmother, Mrs. Perryman, in McCaulley last Sunday.

Mr. and Mrs. Horace McCain of Greenville were visitors last week in the home of her parents, Mr. and Mrs. W. F. Davison.

Leo Masser is home from Germany with a discharge. He plans to take it easy for awhile before going back to work. His wife is the former Betty Jo Abbott of this community.

Comment No. 1—If there were no people interested in politics in these United States and to how this government was run and the men who run our government, then we might as well turn back to the rock ages and live in caves and live by force alone.

You will hear some folks remark that it makes no difference who is elected to any office. Such a remark comes from the lips of those who have very little interest in what is going on.

One of the most important jobs that pertain to all the people is that of congressman. Congress makes the laws, and a poor representative is worse than having no representative.

Saturday, July 27, is the big day in Texas. Folks will go to the polls to vote for the man or woman of their choice for Congress and the other jobs that are a gift of the people. All of us want to vote for the right man, the man who we think will represent us better and the man who has the ability to serve our district with honor to himself and his people.

We know of no man who has more ability, more "honest-to-goodness hoss sense" than our good friend and everybody's friend, Gib Sandefer. Gib will be in the run-off with one of the other seven candidates. Our prediction is he will lead the ticket, and we can rest assured that whoever is in the run-off with Gib will go into

Jones County Parents Urged to Get Transfer For Moving Students

Only four more days remained for Jones County parents to transfer their children from one school district to another for next year, according to B. T. Beaver, county superintendent of schools. All parents wishing to transfer their children are urged to do so by August 1.

Transfers will be approved or rejected by the county school board when it meets in next regular session. Scholastics will then be certified for state aid appropriations.

In cases where consolidations have taken place, and students will be going to another district, the transfers will be made by school officials without being attended to by the parents, it is explained by local school authorities. In the case of recent consolidations by the six school districts in the Hamlin area with the Hamlin Independent School District, transfers will be handled through regular Hamlin school offices.

Music Lover: A man who on hearing a soprano in a bathroom, puts his ear to the keyhole.

the run-off knowing that Gib Sandefer is not the kind of man who will seek to go to Washington by indulging in a "smear" or mud-slinging campaign. He has too much love for his fellow man. If elected, he wishes to be elected on merits alone and not the demerits of his opponent. "Give us Gib" and we will have a man from the 17th District who will represent all of the people all of the time so long as he remains in Congress.—A Darden-O-Gram.

H. G. Scoggins, Former County Pastor, Passes

Funeral was held at Georgetown last Wednesday afternoon for Lieutenant Colonel Harold Grant Scoggins, 52, Army chaplain, and former pastor at Anson before entering the service.

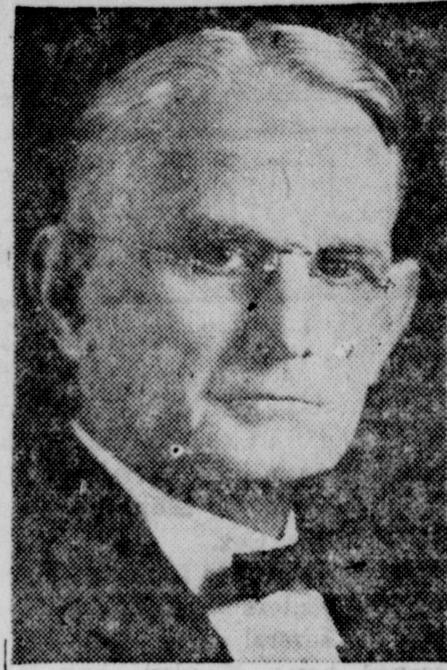

Scoggins died of a heart attack according to information received in Hamlin. He served as a chaplain in both world wars. He served pastores at Post and Anson, then was transferred to the New Mexico Conference, serving at Las Cruces and Artesia.

"Did you have a pleasant day?" "No, Mrs. Smith and Mrs. Brown both came, then they left together. I had a lot of things I wanted to tell Mrs. Smith about Mrs. Brown and a lot more I wanted to tell Mrs. Brown about Mrs. Smith, and I couldn't say a word."

Work Starts On School's VA Building

ADDITIONAL BUS STALLS TO BE PROVIDED IN STRUCTURE, AS WELL AS CLASSROOM

Construction work was started this week on another addition to the Hamlin Public Schools system of buildings—this time a separate building for the vocational agricultural department of Hamlin High School.

The structure, being erected southwest of the high school building, will be connected on the east end of the present bus garage. New structure will be 84 by 36 feet, and will provide space for three new bus stalls, a 60x36 work shop, a 22x24 lecture room, office and storeroom.

Additional stalls for busses was made necessary by recent consolidation of six area school districts, students from which will be transported here in busses.

Stalls for the new busses will be in the south side of the new structure that will face south, matching the five-stall garage already on the campus. Work benches and tool supplies will occupy the north side of the building on the west end. More than \$2,000 worth of tools were recently received for the VA department, according to T. C. Blankinship, department instructor. A calf washing rack will occupy the extreme northwest corner of the shop room. Classroom will be in the east end.

Foundation was being dug first of the week, and footings will probably be poured this week-end. Welded steel framework will go up within two weeks, being made of fabricated pipe. Brick and concrete tile will be used for wall work.

School authorities stated this week that the new building will be ready by the time school opens in September. T. E. Shelburne & Son, contractors, are building the new VA edifice.

HAMLIN V. A. BOYS PRIME HEIFERS FOR WACO JERSEY SHOW

Two Hamlin High School VA Club boys are feeding and fitting Jersey heifers for participation in the Texas State Jersey Show scheduled at Waco September 3, 4 and 5, according to T. C. Blankinship, VA teacher.

Kenneth Holloway will show Queen Veda at the Waco exhibition. He is being sent to the state show by the West Texas Jersey Cattle Club by virtue of his Jersey heifer winning the grand championship at the Central Texas Jersey Show held at Abilene in May.

Weldon Townsend, another Hamlin VA boy, will show his yearling heifer, Lassie, during the three-day Waco exhibition. Both the boys have beautiful animals, Blankinship states, and stand good chances to place in the top brackets at the Waco show.

First place winners in the September exhibition will be sent on expense paid trips to the National Jersey Cattle Show in Columbus, Ohio, in October.

NEW LIONS PREXY

War Service Book Goes to Press Soon

VETERANS AND RELATIVES IN COUNTY URGED TO TURN IN STORIES AND PICTURES

Saturday is the last day for Jones County citizens to get information and pictures of veterans for acceptance for use in the Jones County World War II Service book being sponsored by the newspapers of the county. The Herald is handling information for the Hamlin area.

Scores of veterans and their families have turned in information and pictures already, but the book is still incomplete. It is hoped that all veterans will be included in the service record.

All that needs to be done to be included in the book is to fill out an information form, to be found in the Hamlin Herald office or in advertisements which have appeared in the newspapers, and attach a picture to the form and mail or bring to the Herald office.

Many persons who have pictures have indicated that they wish copies of the book. These people are reminded that order must be placed in advance because of the necessity of knowing how many books to print. If you desire a book, please come into the office at once. The books sell for \$3.50.

Hundreds of Jones County service men's pictures have been brought in, enough to assure the success of the book, but the management of The Herald is interested now in getting pictures of all service men and women of this county. This will become the recognized source book on this country's war effort, and every hope is held that it will be all inclusive.

Relatives of veterans are urged to make sure that the pictures of their veterans are included.

Food Supplies in U. S. Increase and Prices Go Up Without OPA Bar

Hamlin area folks were hearing this week that there is more food—and higher prices, too.

That was a summary of conditions in primary food markets after three weeks of free, competitive buying and selling following termination of OPA price controls. But there were some catches to this simple summary.

Opponents of the OPA claimed that prices were no higher than they had been in black markets, where they said a large part of the trading had taken place, and that in addition the OPA had paid subsidies to producers which were a "hidden cost" exacted against the consumer.

Supporters of the OPA claimed that the increased supplies were artificially created by a desire to get current prices for fear that the price control might be revived and prices rolled back to their former ceilings.

TWO MINISTERS IN REVIVAL MEET AT CALVARY CHURCH

Beginning Friday night of this week, the annual revival meeting of the Calvary Baptist Church is being conducted at the church site, block south of the Santa Fe depot. The series of services, being held at 11:00 a. m. and 8:00 p. m., will probably continue for two weeks, church officials tell The Herald.

Rev. Montgomery of Sherman will do the preaching from Friday until Monday evening, at which time Rev. C. C. Evans of McAllen will have charge of the remainder of the revival.

Church leaders invite people of the community to attend the services and take part in the evangelistic campaign.

J. T. Johnson and J. W. Griffin, church leaders, explain that the church is at present without a pastor since Rev. J. W. Cundiff has given up the pastorate due to failing health, on advice of his physician.

HAMLIN AREA COTTON FARMERS PERK UP AT TALK OF PROSPECT OF 50-CENT PRICE

Hamlin area cotton farmers were evincing extreme interest this week in the probability of new all-time high prices for cotton this fall. With the county producing around 35,000 to 50,000 bales of cotton each year, any increase in the price of the staple would mean money in the pockets of Jones County people.

Talk of 40 and 50-cent cotton is being heard throughout the South since OPA controls apparently are off the market for good, and 35 cents a pound has just been passed for the first time in more than a score of years.

Discussing the crop, which today is worth a potential \$300,000,000 more than last June 1, J. E. McDonald, Texas commissioner of agriculture, predicts that the price may soar as high as 50 cents a pound within the next few months.

Another commissioner, Tom Lin-

WALLS GOING UP ON NEW ELEMENTARY SCHOOL BUILDING

Hamlin is going to have a new elementary school building some of these days!

And the new \$125,000 structure was taking shape this week with the actual starting of brick work on the east fronting of the building. Lewis Sweet holds the brick contract, and four bricklayers were at work this week on the project that is slated to be completed in October, according to present estimates of the general contractor, T. E. Shelburne & Son.

Foundations, flooring, plastering, stucco work, plumbing, lighting fixtures and woodwork will go along with the construction in a regular procession of construction, a representative of the contractor told The Herald Wednesday.

Practically all the old brick being salvaged from the former elementary school building erected on the site in 1906, have been cleaned and stacked at vantage points for the new building. As given in previous stories in The Herald, the old brick will be used for the walls, being placed three thick to form a 12-inch brick wall, which will be plastered on the inside and stuccoed on the outside. The building will be painted white inside and out.

Oil Drilling Activities Continue in Three Wells

Hamlin area oil operations continued to hold the interest of operators of the region this week.

On the west side of the county, the Crown Central Petroleum Corporation No. 1 J. A. Butler, 330 feet from the east and 5,575 feet from the south line of William Littlefield Survey 882, extension attempt to the Swan Pool, is drilling ahead below 1,000 feet.

In the Nienda area, Kirk & Choat No. 2 Carroll has been officially gauged at 83 barrels on pump from pay at 2,872-82 feet.

Also drilling below 1,000 feet is the Bennett & Sorrells No. 1 W. E. Eoff, 3,200-foot cable tool wildcat four miles east of Hamlin, located 330 feet from the east and 324 feet from the north line of the northeast quarter of Subdivision 2 Austin & Williams Survey, league 338.

Jessie Myers Tops List Of Sponsors at Snyder

A cheering crowd of 4,200 people jammed the arena Saturday night to witness the thrill-packed final performance of Scurry County's Sixteenth annual rodeo, and heard official announcement that lovely Jessie Myers of Hamlin, daughter of Mr. and Mrs. Reagan M. Myers, had been voted the best all-around cowgirl.

Miss Myers was presented a gold trophy by Billie Lou Thompson of Snyder. Jessie turned in the best cowgirl sponsor time of 10.9 seconds Saturday night. Jo Gregory of Colorado City placed second in the sponsor events, and Mary Worthington of Jacksboro was third.

Interest Runs High In Saturday Voting

GOVERNOR'S RACE HOLDS TOP SPOT, WITH CONGRESS AND SHERIFF'S RACES HOT

Saturday is the big day that will climax months of hard work for scores of good Texans. And there will be some disappointments—because there just aren't enough public offices to go around to all the well meaning folks seeking to serve as public officials.

Some mighty good Jones County folks are going to be among the also ran group because enough of their friends didn't pick them as winners when they mark their ballots this week-end. Of course you know that

Saturday is election day throughout Texas. And a lively day it will be in Jones County as a record vote of between 5,500 and 6,000 is expected to mark ballots in the July 27 primary election.

Interest in political races in Jones County and Hamlin has gradually mounted. In the state races the run for governor tops the interest list. All sorts of predictions have been made about the standing of candidates. State polls have indicated that Homer P. Rainey will probably lead the 14-man field with Beauford Jester and Grover Sellers trailing not far behind.

Race for Congress holds next top-flight interest. Eight candidates have conducted probably the most strenuous bids for this important office in the history of the 17th Congressional District. Two Jones County men are in the running.

Race for county sheriff probably tops interest in the county races. Incumbent W. A. Dunwody is being opposed by Mose M. Jones and O. J. Ball. County judge's race probably is next in interest. Three newcomers are vieing for the place being vacated by County Judge Gilbert Smith.

Complete election ballot, with the names in the order in which they appear on the official ballot in Jones County is reproduced by The Herald for benefit of citizens who want to study the ticket before going to the polls Saturday. The ballot follows:

For United States Senator—Floyd E. Ryan of Harris County, A. B. (Cyclone) Davis of Dallas County, Tom Connally of Falls County, LaVerne Somerville of Dallas County, Terrell Sledge of Hays County.

For Governor—C. B. Shaw of Harris County, Walter Scott McNutt of Marion County, Reese Turner of Travis County, John Lee Smith of Throckmorton County, Homer P. Rainey of Travis County, Charles B. Hutchison of Dallas County, Floyd Brinkley of Harris County, W. J. Minton of Grayson County, Beauford Jester of Navarro County, Jerry Sadler of Gregg County, Grover Sellers of Hopkins County, A. J. Burks of Ector County, William V. Brown of Bowie County, Caso March of McLennan County.

For Lieutenant Governor—Allan Shivers of Jefferson County, Boyce House of Tarrant County, Larry Mills of Dallas County, Jo Ed Winfree of Harris County, Turner Walker of Harris County.

For Comptroller of Public Accounts—George H. Sheppard of Nolan County, Clifford E. Butler of Harris County.

For State Treasurer—Jesse James of Travis County, Clarence Williams of Travis County.

For Commissioner of the General Land Office—Bascom Giles of Travis County.

For Attorney General—Pat M. Neff Jr. of Harris County, Price Daniel of Liberty County.

For Superintendent of Public Instruction—L. A. Woods of McLennan County.

For Commissioner of Agriculture—R. E. McDonald of Travis County, W. R. Chambers of Brown County, Benjamin F. Hill of Dallas County, J. E. McDonald of Ellis County.

For Railroad Commissioner—Mac Culberson of Jackson County, Mac

PLENTY OF WATER

The Herald hasn't heard any intimation from either out-of-town or in-town sources about the water supply, but after our story in last week's issue calling attention to the fact that Hamlin has outgrown its present water processing facilities, we just wanted the world to know that . . .

There is no water shortage in Hamlin, such as facing neighboring cities. We have three well-filled lakes that will assure Hamlin plenty of water for years to come.

Filtering, pumping and storage capacities of the present water plant are operating just about at capacity. And expanded facilities will be on the way just as soon as equipment is available.

TRAVIS HASH NEW MANAGER OF S. & W. ENLARGED STORE

Opening date for the new S. & W. Variety Store on Central Avenue, two days south of the City Drug Store, is indefinite, according to announcement made this week by Travis M. Hash, newly appointed manager of the store. Installation of fixtures, shelving and counters was completed this week, and most stocks needed for the opening have arrived.

Hash states, but two to four weeks will be required to place the merchandise.

Hash comes to Hamlin from Stamford. Recently discharged from the Army after three and one-half years of duty for Uncle Sam, Hash has been with the Perry Brothers and S. & W. Variety Stores for several years.

Mary Bingham, formerly manager of the store, will still be connected with the newly decorated business, it was announced by S. & W. officials this week.

Jack Fryar of Sweetwater, area S. & W. Stores supervisor, is directing displays arrangement at the new store.

STATE OFFICIAL TO ATTEND MEETING OF JAYCEES MONDAY

A. C. (Slick) Sides of Abilene, newly elected vice president of the Texas Junior Chamber of Commerce, and several other members of the Abilene Jaycee organization will be present Monday evening when the Hamlin Junior Chamber of Commerce meets at the Hamlin high school building, according to Charles Prather, Hamlin Jaycee president. A large attendance of the local organization is urged.

Sides is a popular moving spirit in the Jaycee movement in Texas, as evidenced by his recent election to the vice presidency. An outstanding speaker, Hamlin Jaycees who attend the Monday evening session will be well repaid for any extra effort to attend, Prather declares.

In a business session at the Monday meeting the matter of making a luncheon club of the local civic group will be discussed. Weekly or bi-weekly luncheons would be held if plans of some of the officials are adopted.

L. C. Hughtons Have Son

Mr. and Mrs. L. C. Hughton are announcing the arrival of a son, who has been named Lloyd Alton. The youngster, who weighed eight and one-half pounds, was born July 11 in the Hendrick Memorial Hospital at Abilene.

See ELECTION BALLOT—Page 7

WOMEN IN THE NEWS

Catherine Crowley and North Dakota Man Wed

Catherine Crowley, daughter of Mr. and Mrs. Jerry Crowley of McCaulley, became the bride of Corporal Erney Pehkonen, son of Mr. and Mrs. Jacob Pehkonen of Brockett, North Dakota, on July 13 in the home of Rev. Silas Dickson at Anson.

The bride wore a turquoise blue dress with white accessories. She wore a corsage of pink gladioli and carried a small white Bible, a gift from the bride's maid. For "something old" and "something borrowed" she wore a brooch pin which belonged to her mother.

Present at the wedding were Bob DeArmand, who was best man, of Little Rock, Arkansas; LaVern Hobbs of Fort Worth, who was bride's maid; Mr. and Mrs. Jerry Crowley of McCaulley, Evelyn West of Lubbock and Mr. and Mrs. O. K. Hoyle and children of Seymour.

Call 241 and tell your news items.

Clota Rae Jones Weds in Lubbock Ceremony

Clota Rae Jones, daughter of Mrs. Bessie E. Jones of Lubbock, former Hamlin residents, and Quanah P. Maddox, son of Mr. and Mrs. Benjamin A. Maddox of Lubbock, were married in the parlor of the First Methodist Church at 7:30 o'clock Wednesday night.

Dr. L. N. Lipscomb, district superintendent of the Methodist Church, officiated for the double ring ceremony.

Mrs. James Williamson was matron-of-honor. The bridegroom's father was best man.

The ceremony was performed before the fireplace. A plaque of white gladioli was on the mantle. Palms and candelabra were on either side and a screen of Woodwardia fern was in front of the fireplace.

The bride wore a Pannier model dress of white crepe with white accessories and a shoulder pin of rhinestone and pearl. She carried a purple orchid showered with white carnations on a prayer book.

The matron-of-honor wore a pink cable net dress, with white felt hat and other accessories of black.

Following a wedding trip to Denver, Colorado, by way of Santa Fe and Las Vegas, New Mexico, the couple will be at home in Lubbock.

For traveling the bride wore an original aqua wool suit with brown tartan shell trimming and brown accessories.

The bride is a member of Beta Sigma Phi. She is a graduate of Hamlin High School.

The bridegroom was graduated from Lubbock High School and attended Texas Technological College. He was a member of the Centaur Club in Tech. He is a member of the Junior Chamber of Commerce. He is employed at Walton's Store.

Rountree-Ellis Rites Repeated at Abilene

Billie Faye Rountree, daughter of Mr. and Mrs. W. G. Rountree of Hamlin, and Thomas I. Ellis, son of Mr. and Mrs. Harry M. Ellis of Cleveland, Tennessee, were married Friday at the First Methodist Church in Abilene. Dr. O. P. Clark, pastor, read the double ring ceremony.

The bride wore a white eyelet pique suit with white accessories and had an orchid corsage. Her attendant was Joan Culbertson of Hamlin. Douglas Cox of Ballinger was best man.

For her going-away clothes she wore a yellow linen suit. Mr. and Mrs. Ellis are on a honeymoon trip to Dallas, Little Rock, Arkansas, and St. Louis, Missouri. The couple will return to Abilene August 24 to live.

Mrs. Ellis was honored with several pre-nuptial parties. A gift tea was given in the home of Mrs. Joe Culbertson, with Mrs. C. S. Barrow, Mrs. L. H. McBride, Mrs. Willard Maberry and Joan Culbertson serving as hostesses. A coffee was held in the home of Mrs. Holly Toler, with Mrs. G. R. Bennett, Mrs. H. D. Burton and Adelle Dixson as hostesses.

The bride is a graduate of Hamlin High School and McMurry College, Abilene. She was a member of T. I. P., the Student Association, Art Club, Chanters and McMurry Theater.

Ellis was a student in McMurry College, Abilene in 1942, when he entered the armed forces. He served three years in the Army and spent 24 months in China. He has re-entered McMurry College, where he is a member of the I. H. R. Club and the Indian Head Association.

Bride-Elect Honored At Thursday Coffee

Honoring Billie Faye Rountree, bride-elect of Tommie Ellis, Mrs. Holly Toler, Mrs. Gordon Bennett, Mrs. DeFrance Burton and Adelle Dixson entertained with a coffee last Thursday morning in the home of Mrs. Toler.

The entertaining rooms were decorated with arrangements of summer flowers. Guests registered in the bride's book, where each left her favorite recipe. Mrs. Toler then invited them into the dining room, where a color scheme of yellow and white was observed. The table was laid with a white Madiera cloth. The centerpiece consisted of yellow marigold and white oleander blossoms arranged in a low crystal bowl. A large silver tray held beautiful white Esther Reads, tied with yellow and white ribbon, which were given as favors to the guests.

Petite cinnamon rolls and a variety of small fruits were served with the coffee. Mrs. Bennett presided at the coffee service, and was assisted at the table by Miss Dixson and Mrs. Burton.

Guests for the occasion were: The honoree, Miss Rountree; her mother, Mrs. W. C. Rountree; Mmes. Sinton Barrow, Joe Culbertson, E. L. Yeats, Mart Barrow, R. T. Spaulding of Odessa, B. S. Ferguson, Kenneth Parker, A. D. Ensey of Abilene, Marvin Carlton, Buren Carlton, William Adams of Odessa, Karen Bynum of Corpus Christi, Charles Prater, John K. Jones; Misses Joan Culbertson, Buna Rountree and Eleanor Temple.

Cradle Roll Department Entertained in Party

Cradle Roll Department of First Baptist Church was entertained with a party in the home of Mrs. Roy Johnson July 1.

After an hour of play, refreshments of ice cream and cookies were served to the following: George Deel, Patty Lynn Burnett, Bunny Patterson, John Henry Fields, Linda White, Roy Johnson Jr., Johnny Harold Stovall, Charlotte Wallace, Billy Norris, Ann and Jackie Grogan, Byran and Tommy Sheilburne, and Mmes. Bill Deel, Bill Burnett, Wilburn Fields, Brandon White, Sigmar Stovall, and W. A. Norris, Cradle Roll teachers, and Mrs. W. Wallace, Mrs. Lesley Sheilburne and the hostess, Mrs. Johnson.

Revis Robertson Weds Malakoff Girl July 6

Mary Louise Tidmore, daughter of Mr. and Mrs. I. P. Tidmore of Malakoff, became the bride of Revis Robertson, son of Mr. and Mrs. R. J. Robertson of Hamlin, at a ceremony performed by Rev. W. E. Floyd in the parsonage of the First Baptist Church in Athens July 6.

The couple is living in Hamlin, after a honeymoon trip to the Davis Mountains.

The bride is a graduate of North Texas State Teachers College at Denton. She taught at Wharton for two years.

Mr. Robertson is a graduate of Hardin-Simmons University, Abilene. He served in the Army Air Corps.

Looking Out for No. 1.

Man (leaning out of train window) — "Here, boy, take this 50 cents and get me a sandwich; get yourself one with the change."

Boy (returning just as train is pulling out, chewing wildly on a ham on whi) — "Here's your quarter, mister. They only had one sandwich."

We'll never forget the time we took a cat out into the country to lose it and had to follow it back home.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance to the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional causes.

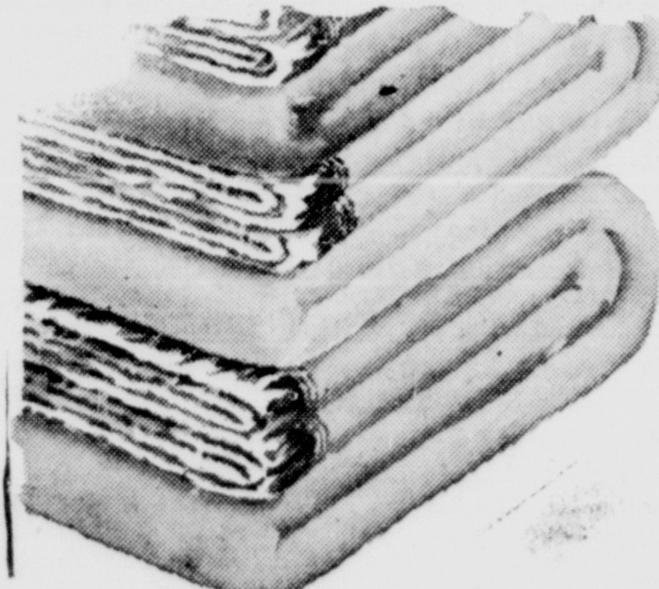

Try Cardui. If it helps, you'll be glad you did.

RESERVATION OF FOODS URGED FOR WORLD SHORTAGE

Hamlin and Jones County families are being urged to do more home food preservation than ever before for the coming winter and spring. Anna Nabors, home demonstration agent for Jones County, reports that this year's goal is to exceed the record 4,000,000,000 jars of food canned by 25,000,000 housewives in one year.

To safeguard American diets during the months to come when wheat products will continue to be in less than full supply, more vegetables specially will be needed to replace some of the food values and the "filling" quantity of the wheat that goes abroad. The more garden vegetables that are put up in homes and in community canning centers, the better the food insurance for this country. Prospects so far are for good vegetable and fruit crops this season, but production predicted so early in the season can rise or fall as weather permits or helps the crops. Adequate supplies of glass jars, jar rings and closures are expected. The supply of pressure canners has been increasing steadily. Housewives are advised, however, to lay in supplies of containers and equipment now to enable manufacturers to gauge demand and keep up production as needed.

City Fire Limits Defined.

In connection with the announcement made last week by city officials that enforcement of the ban against shooting of fireworks in the city fire limits would be made, the limits have been defined by officials as bounded by Fifth Street on the north, 10th Street on the south, Farwell Avenue on the east and Union Avenue on the west.

TED MILES
for Congress

Robert R. Herring CANDIDATE FOR CONGRESS

TO THE VOTERS OF THE 17TH DISTRICT:

Today, we citizens of the United States stand at a crossroads. Upon the decisions you make and put into action on July 27th may depend the future course of our American life. If we fail, through our aroused actions, to secure an honest, strong-willed group of representatives in the Congress at this election, we will undoubtedly continue on this road of economic distress.

I have tried during this campaign to place my full and exact beliefs before you that you may justly consider my candidacy for the office of your representative. I have tried to point out that I believe many Americans today are blind to the true values of our life because of the greed for dollar bills, and I feel that enough men who realize the cost of these last four years, with all of its loss of life, can return our government to sound values and to you as average citizens.

I earnestly request your deepest consideration at the primary election July 27th.

Sincerely,

Robert R. Herring

JUST HUMANS

By GENE CARR

12 BATTERS MAKE AVERAGE OF .400 IN SOFTBALL LEAGUE

The league leading McCaulley softball team managed to place only one man in the .400 batting average class in a compilation of batting averages made for players in the Hamlin Softball League for the first half.

Junior Chamber of Commerce batters led in the select .400 class with four hitters for the batting lead. The Oilers were second with three. Four teams, the Fire Boys, VFW, Celotex, McCaulley and Radium each had only one man in the select group. Yellowjackets and Flat Top failed to place a man in the 12 man .400 or above group.

Batting averages compiled first of the week, including last week-end's games, follow:

Name	Team	AB	H	Pct.
Branscum, Fire Boys	17	8	.470	
Dutton, VFW	15	7	.466	
Hallums, Oilers	23	10	.435	
Miles, Jaycees	23	10	.435	
Houghton, Celotex	19	8	.421	
Cowan, Jaycees	31	13	.419	
Holland, Oilers	24	10	.408	
White, McCaulley	27	11	.407	
Sharp, Jaycees	32	13	.406	
Richardson, Radium	20	8	.400	
Packwood, Oilers	20	8	.400	
Howard, Jaycees	25	10	.400	
Burton, Jaycees	23	9	.391	
D. McCoy, VFW	10	7	.389	
Dominy, Celotex	18	7	.389	
Myers, Jaycees	18	7	.389	
Black, Yellowjackets	17	6	.353	
Cooley, Radium	17	6	.353	
B. Jenkins, Flat Top	20	7	.350	
Treadwell, Jaycees	23	8	.348	
Gabriel, Flat Top	18	6	.333	
B. Burleson, McCaulley	21	7	.333	
Neal, Celotex	16	5	.313	
Hale, McCaulley	16	5	.313	
Carpenter, Radium	16	5	.312	
Gardner, VFW	26	8	.307	
Waggoner, Celotex	21	6	.299	
Woods, VFW	21	6	.299	
Perryman, McCaulley	17	5	.294	
Early, McCaulley	22	6	.273	
Morton, VFW	15	4	.267	
Black, Oilers	15	4	.267	
E. L. Jenkins, Radium	19	5	.263	
Smith, Oilers	20	5	.250	
Riddle, Flat Top	16	4	.250	
Brannon, VFW	16	4	.250	
Ford, Oilers	21	5	.238	
B. Rowland, Fire Boys	23	5	.217	
Jones, McCaulley	15	3	.200	
T. Hill, Flat Top	20	4	.200	

Bill Armstrong Urges Consideration for Vote

To the Voters of Jones County: I am asking you to give consideration to my candidacy for county treasurer of Jones County.

I am thoroughly qualified, as you already know by my past work, to handle the duties of the office.

Not being able physically able to drive a car, there may be many in the county whom I have not seen. If so, please accept this as a personal solicitation for your vote.

This office is one of the most important in the county, and if elected, I will stay one the job and give my best to it as I have done in the past.

I will sincerely appreciate your support and influence.—C. J. (Bill) Armstrong, candidate for County Treasurer.

Opponents of Blanton Thanked for Clean Race

To the People of the 17th Congressional District:

I am unable financially to run the usual newspaper advertisements before the first primary, and I will not permit friends to run any for me.

I want to thank my seven opponents for a clean race, and to assure everyone that so far as I am concerned, it will remain the same through the second primary in August.

I would appreciate your votes and influence, and the honor of serving you as your representative in Congress.—William W. Blanton. (Pol. adv.)

We solicit your business and invite you to try our service.

HAMLIN HOSPITAL NEEDS SUPPORT OF ALL

Officials of the Hamlin Hospital Association declare the community hospital definitely is to be built within the next several months, and adequate financing will be provided in one way or another. About half the desired number of family memberships have been subscribed. Balance of funds for the erection of the building has been provided by underwriting by public spirited citizens—all of whom already had taken memberships in the hospital group.

Such an institution deserves the whole-hearted support of people of the Hamlin vicinity. We believe a membership in the hospital association is a good investment for a family of any means. Provision has been made for installments to be paid on memberships, and many families are using that plan.

Of course the completed hospital will be open to anybody who needs its services, but the advantages of a membership in the unit will many times offset the enrollment cost. Is your family a member?

ALMIGHTY SENT HOT WEATHER FOR US

Of course, we admit we would have to look a long time to find someone who really enjoys the hot weather the good Lord has been sending to us recently, but the way some folks fume and fuss about it makes us want a hot cup of coffee. We say that to remark that the present generation is about the most "gripy" we can imagine.

The hot weather is the favorite subject of dislikes among the younger folks. Most of their mothers perspired over hot cook stoves in uninsulated houses where air-conditioning was unheard-of—and said little about it. They just took it for granted that it was hot in the summer and cold in the winter.

We contend that the Almighty knew what he was doing when He planned the seasons, and we believe they were made for our own good. Our bodies need to sweat out the poisons in our systems and the hot weather furnishes the cleansing process.

Imminent doctores declare that we will not live as long if we persist in cooling off so fast with modern air-conditioning. Most of the hot weather gripe comes from the shoulders up, anyway.

WILD SPENDING WILL CAUSE INFLATION

If the practice of seeing something a person wants, then that person spending his last nickel to buy that something—whether he needs it or not—becomes rampant with the American people, then an inflation is assured. That's the way the average unthinking child does his spending.

The woman who sees a pair of shoes advertised for \$15, which she knows aren't worth more than \$4.50, will cause inflation when she takes her last \$15 and buys those shoes. She may have six pairs of shoes at home which could do her. The man who pays a big bonus in order to buy a new automobile will cause inflation the same way.

Inflation will come just to the degree a wild spending American public makes it come.

During the survey of Hamlin stores last week by a Herald representative, a local merchant said he hoped the people would not pay the price for an item of food he was forced to put on it in order to show a reasonable margin of profit. "If my customers and those of other stores will refuse to pay that high price for the commodity, the price will come down in no time," he said.

WHAT CONTEMPORARIES ARE SAYING

A NAME FOR THE TROUBLE

A year has passed since the shooting ceased in Europe, and in the interim the world's progress toward a permanent peace has been barely perceptible.

Senator Ball of Minnesota says the trouble is the gulf between the ideologies of the United States and Russia. Many will side with the senator; some will go farther, and say that as long as Russia is communist and the United States capitalist the threat of an all-consuming war will never abate. That, to our mind, is not the real trouble, nor any part of the real trouble. Before trying to isolate the real trouble and give it a name, let us look for its manifestations.

They can be found in the sharp, defensive insolence of the store clerk, the soda fountain boy, the filling station attendant; in the jostlings on a street car and the raucous petulance of the driver stalled behind a chap with a flat tire. That is a local manifestation.

They can be found in the bitter, stubborn wranglings of the union man and his boss, as to who shall get a little more and who shall have a little less. That is a regional manifestation.

They can be found in the begrimed pittance of food which is flowing from this, the fattest of the world's nations, to the thin and hungry countries across the world. That is a national manifestation.

They can be found in the dark suspicions which sit, uninvited, at the council tables of the United Nations, and dictate the shrewd power thrust of one delegate, the truculent resistance of another.

Whatever this thing is, its potency can be tried by a simple theoretical test: Abstract it from the world, and the United Nations delegates could pack up and go home. Their job would be done.

Selfishness? It isn't that, because selfishness implies willful intent to promote one's own good at the expense of others, whereas this tendency, whatever it is, works to the detriment of all of us and each one of us.

Stupidity? Short-sightedness? These come nearer the fact.

But let's, for want of a better word, call it human nature, and acknowledge that while the world has grown up mightily in material things, its self-appointed master, man, is still mentally and spiritually a pathetic, myopic little shaver, furrow-browed over his A, B, Cs.

Can he, in the little time allowed him, grow up and solve the mighty problems that confront him? History alone holds the answer, but if he does, it will result from an urge within and a pressure from without. The pressure is undeniable, and it is possible to detect some little of the other force, the inner growth, over the ages. It may be that the combination will indeed effect a maturity of human behavior which will evoke within the Great Landlord some new confidence to impel him to extend the lease.

In any case, it wastes time to hunt abroad for the cause of the trouble, when it can so readily be found in the place where each man lives.—San Francisco Chronicle.

FARM AGENT SAYS POISON FOR COTTON PESTS IS SCARCE

Although cotton pests should be poisoned wherever they are damaging the crop, Hamlin area and Jones County cotton farmers are advised, the calcium arsenate should not be wasted, H. C. Stanley Jr., county agent says. He has been advised that there is little possibility of further supplies of calcium arsenate this year and probably none of nicotine.

Only two-thirds of a normal season's supply of calcium arsenate will be available for cotton growers for use against the boll weevil, according to U. S. Department of Agriculture estimates. Practically this entire supply is already in the hands of cotton-growers or in dealers' warehouses in the South. A shortage of arsenic will keep insecticide manufacturers from making additional supplies.

Nicotine, used to kill aphids on cotton, will not be available in quantities greater than last year, the department's bureau of entomology and plant quarantine reports. This means that any increased demand will in many cases prevent the practice of dusting calcium arsenate and nicotine as a combination treatment for both boll weevils and aphids.

Stanley recommends laying in a sufficient supply of insecticides, if available, as the first step toward control of cotton pests and using them promptly and in no greater quantity than necessary for proper control when needed.

"It's a buy!—with an OIL-PLATED engine!"

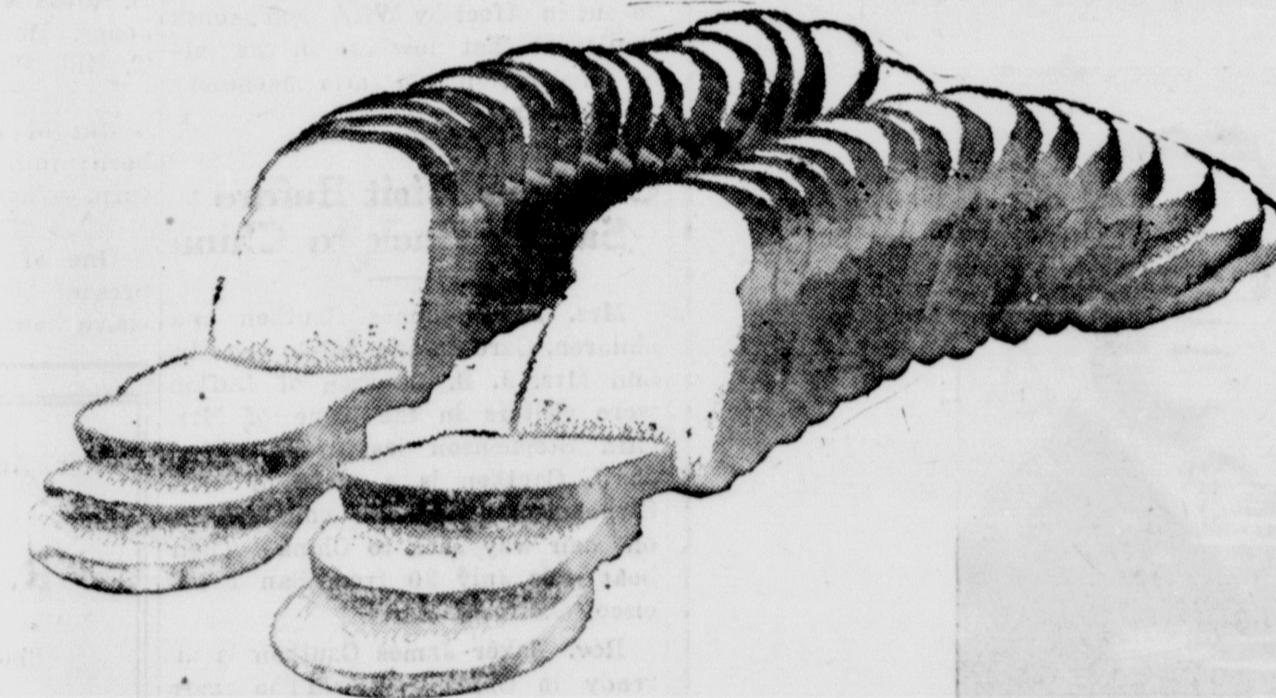

You want an eyeful of 1946 style.... And you're taking in many an earful on chassis features.... And you can have an OIL-PLATED engine—a wear-fighter!—by simply saying a mouthful. Just say you want Conoco Nth motor oil—because you want minimum carbon and sludge, plus flat mileage. Those gains depend largely on wear-resistance, and that's exactly what OIL-PLATING is for. Here is how it works...

In any make of new car—or equally well in your old car—OIL-PLATING will make an addition to inner engine surfaces. That's where it's fastened durably—across the path of wear—by Conoco Nth oil's magnet-like action. This power to OIL-PLATE and protect comes from the added Conoco Nth ingredient. It will add to the safety of your new car investment.... It will add to your veteran car's chances!.... And the cost it adds is a few cents! Get Conoco Nth oil—from Your Conoco Mileage Merchant. Slices of Nourishment

For years, Bread has been called the staff of life . . . and today it is as literally true as it has ever been, especially when the modern menu depends so much on the nourishing qualities of bakery-baked bread. It is so easy these hot days to get a fresh-baked loaf of bread at your favorite grocer's.

We are proud of the reputation for nourishing goodness that Burgess Bread has built for itself in this section—and we are not running any risks of losing any of this reputation with gambling with quality. You can depend always on the reliable, day-to-day standard of quality we so zealously maintain in our bread.

HOW CAN WE BUILD A BIGGER AND BETTER COMMUNITY?

We are all interested in a progressive, expanding Hamlin and community. Only as the industries and businesses of a community prosper can we all grow together. Mrs. Housewife, does your husband depend on local patronage for your family's livelihood? Support your local bakery by specifying Burgess Bread when you shop! Thanks!

LIONS DIRECTORS PLAN PROJECTS OF CLUB IN NEW YEAR

President Delma Shelia of the Hamlin Lions Club reported Tuesday at noon in the Morgan Hotel on the plans of the board of directors. A special meeting of the group was held last Thursday evening to map projects for the ensuing year.

Among major activities planned for the immediate future include, Shelburne reported, a sight clinic for children of the Hamlin area; house numbering for the city of Hamlin; increased Boy Scout activities; and erection of a schedule of football games for the Hamlin High School Pied Pipers.

A ladies' night was tentatively set for the evening of August 13.

My Life Was Saved

BY

WEAVER BAUCUM

I have been in Jones County the past week of my own free-will to tell the voters about the courageousness and aggressiveness in Weaver Baucum's character and how these traits saved my life in January 1945.

Weaver Baucum came to my rescue after I had fallen onto wires charged with 23,000 volts of electricity and pulled me from the wires. As he was doing this, the full charge hit him and we both fell seven feet to a roof below, breaking his back in the fall.

This one incident, to my mind, is exemplary of the true caliber of the man for whom I solicit your support for Tax Assessor-Collector.

CROWDS GROW AT CITY FOURSQUARE CHURCH REVIVAL

Interested crowds are growing as services continue this week at the Foursquare Gospel Church, four blocks west of Central Avenue, in a revival meeting that began last week at the church, according to Rev. Luville Liles, pastor.

Rev. Lillie Pearce of Los Angeles, California, member of the Pearce Trio, is doing the preaching in the series of services that are being held each evening at 8:00 o'clock. Other members of the trio are Rev. W. F. Pearce and Rev. Marvin Pearce, his son, who are in charge of the music.

They Was, But Ain't

Visitor—"Are your father and brother in?"

Boy—"They was in, but they've went out."

Visitor (disapprovingly) — "Was in! They've went out! Where's your grammar?"

Boy—"She's in the kitchen."

In this world it is not what we take up, but what we give up, that makes us rich.—H. W. Beecher.

General public is invited to attend the remaining services of the meeting, according to local church leaders.

cal program. The Pearce Trio is well known for its work in evangelism in the western section of the country.

W. F. Looney, Former Resident of County in Hitson Vicinity, Dies

W. F. Looney, 60, of Lubbock, former resident of the Hitson community, died at 10:10 o'clock Friday morning in the Lubbock Memorial Hospital of a heart attack that followed an operation for appendicitis and double pneumonia.

Funeral services were conducted at 2:30 o'clock Sunday afternoon in the Sanders Funeral Home chapel under the direction of Rev. Ben D. Johnson, pastor of the Tabernacle Baptist Church of Lubbock. Pallbearers were men who worked with him at the Lubbock Sash & Door Company.

Interment was in the Lubbock Memorial Cemetery.

Survivors included his widow; one daughter, Mrs. B. B. Phillips of the Swedonia community; one son, Carl B. Looney of Lubbock; four grandchildren; one brother, Jim Looney of Gould, Oklahoma; five sisters, Mrs. Roy Smith of Ballinger, Mrs. Roy Wesley of Breckenridge, Mrs. Will Johnson of Caddo, Mrs. Melvin Leathers of Gould, Oklahoma, and Mrs. Dave Malone of Stockton, California. All but one sister attended the funeral.

Out-of-town persons attending the funeral included Mrs. G. B. Phillips of Hamlin, Mr. and Mrs. E. R. Ewing and children of Longworth. Mrs. Looney returned home with Mr. and Mrs. Phillips for a few weeks' visit.

There may be a white shirt shortage, but there's no shortage of stuffed shirts.

Everett Townley, manager of the D. & H. Department Store, was in Fort Worth and Dallas this week attending market.

LITTLE CHANGE IN SOFTBALL LEAGUE STANDINGS SHOWN

Standings in the Hamlin Softball League remained unchanged from last week except for the Veterans of Foreign Wars climbing up the ladder a notch above the Oilers, who had been in third place. The Vets won two games since last week's tabulations.

Results of games since last week's report in The Herald follow:

Thursday—VFW 13, Fire Boys 4; McCaulley 16, Radium 11.

Friday—Jaycees 15, Yellowjackets 8; Oilers 15, Celotex 5.

Monday—VFW 8, Yellowjackets 1; Flat Top 13, Radium 3.

Tuesday—McCauley 5, Oilers 1; Jaycees 6, Fire Boys 5.

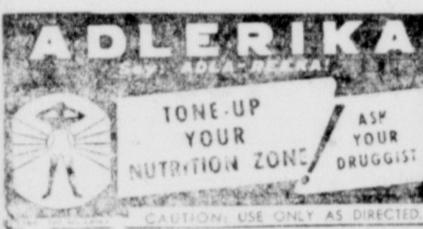

Full season standings for the nine member teams, including Tuesday night's games, follow:

Team	P. W. L. Pct.
McCauley	10 9 1 .900
Jaycees	10 8 2 .800
Oilers	9 6 3 .666
V. F. W.	8 6 2 .750
Celotex	9 5 4 .556
Flat Top	9 3 6 .333
Fire Boys	9 2 7 .223
Radium	10 2 8 .120
Yellowjackets	10 1 9 .100

President to Appoint New Stabilizer if OPA Revival Is Arranged

A successor to Economic Stabilizer Chester Bowles will be named by President Truman, the chief executive said this week, when he can get an OPA law under which a successor can function. Hamlin area people were solicitous about the reactivation of some sort of an OPA system that would halt further price increases in cost-of-living commodities.

Asked at his news conference whether he thinks he will get such a law from Congress, Truman told a reporter, "Your guess is as good as mine."

Efforts are underway on Capitol Hill to work out a law revising price control to substitute for the legislation the president recently vetoed. However, there was a temporary lull in these efforts this week.

Mr. Truman said rising prices—he called them substantial—had followed the collapse of price control and predicted they would go higher unless controls are reinstated.

Now that the world has quit fighting for what is right it has started scrapping over what is left.

BITS OF NEWS ABOUT FOLKS YOU KNOW

Mr. and Mrs. T. L. Thomas of Fort Worth spent the week-end with their parents, Mr. and Mrs. W. L. Hunter Sr.

D. P. Connally, Herald employee, is this week spending his vacation at Snyder, Big Spring and other West Texas points.

Mr. and Mrs. G. W. Drummond and sons have returned from a trip to Carlsbad, New Mexico, the Sacramento Valley and Ruidoso.

Mr. and Mrs. Joe A. Simpson and daughters, Faith and Carol Joe, returned last week-end from a several-day vacation spent at Galveston.

Mr. and Mrs. Ernest Lee returned home Friday after spending a two-week vacation at Fort Worth with Mr. and Mrs. T. L. Thomas and at Spur with Mr. and Mrs. Noel Lee.

Personal Hygiene Is Vital in Fight Against Polio, Says Official

In addition to the general instructions for community sanitation which are important in prevent poliomyelitis, Dr. George W. Cox, state health officer, advises Hamlin area people an urgent warning to to practice strict personal hygiene to protect each individual's health and that of those about him.

"Of course, cleanliness and personal hygiene are ordinarily taken for granted," Dr. Cox said, "but at this time with the incidence of polio having reached a total of 292 cases, I would like to re-emphasize some personal sanitary measures which may help in preventing the spread of this crippling and often fatal disease."

The state health officer stressed the importance of scrupulous cleanliness of the person. Frequent bathing and immaculately clean clothing are vitally necessary. Oral hygiene with thorough brushing of the teeth and the use of a mild antiseptic are recommended. The nasal passages should be kept clean, and dental defects corrected immediately.

Sanitation and thorough cleanliness in the home are instinctive with the average housewife, but at this time their importance to health must be re-emphasized. Home sanitation includes those taken-for-granted measures such as washing the dishes in hot soapy water and rinsing them in hot clear water; keeping sinks, bathtubs and fixtures scoured clean and rinsed with a mild antiseptic solution; sunning and airing bed clothes, ridding the home of flies, rats and roaches which, since poliomyelitis is believed to be a filth-borne disease, are suspected as being responsible for transmission.

"If good personal hygiene is combined with good community sanitation and hygiene, it is hard for any disease to get a foothold," Dr. Cox said. "With such a dread disease as poliomyelitis prevalent in the state, no precaution should be overlooked and no bars should be left down for its entrance."

Office supplies at The HERALD.

Mrs. Bell Scott of Tulia is visiting her daughter, Mrs. Jack Fletcher, and family.

Mr. and Mrs. Charles Gardner are spending a week's vacation at Colorado Springs, Colorado.

Mr. and Mrs. Charles Jeffries of Fort Worth visited Mrs. Jeffries' mother, Mrs. L. F. Young, last weekend.

Pearl Hudson of the Bryant-Link Company store in Hamlin is at market this week in Dallas and Fort Worth.

Mr. and Mrs. Tex Moore are spending their summer vacation at Pahaqua Teepee, a summer resort, at Cody, Wyoming.

Billy Stricklin, student at Hardin-Simmons University, Abilene, visited Beryl Travis last week-end. Miss Stricklin is of Lamesa.

Leslie Cowan and Billy Jack Miles have entered McMurry College, Abilene, where they plan to attend the second summer session and the fall semester.

Nettie Bowen and Mrs. Wallace Walton returned Tuesday from Colorado Springs and Denver, Colorado, where they have been spending their vacation.

Mr. and Mrs. George Bury and children, Don and Sandra Kay, and Margie Hallmark have just returned from a visit with Mr. and Mrs. Ed Bury at Brownwood and a visit at several other points. Mrs. Bury's niece returned with them for a two-week visit with Margie and the Burys.

Frank James Joiner Jr., grandson of Mrs. G. H. Joiner, is attending a trade school at Lancaster, Pennsylvania.

Billy Coltharp, son of Mr. and Mrs. Garland Coltharp, was home for the week-end. Billy is attending John Tarleton College, Stephenville.

Bettye George returned home last week from North Texas State Teachers College, Denton, where she has been attending the first six weeks in summer school.

Mr. and Mrs. Ploy Layton of Midland and daughter, Mrs. Buddy Aechternacht and twin boys, of Dallas were guests this week to Mr. and Mrs. Jim Dickey and grandson, Don Greenway.

Mrs. Eula Scifres and boys, Kenneth Curtis, Raymond and Bobby, and Mrs. Scifres' mother, Mrs. Hines, spent last week in New Mexico, visiting Mrs. Hines' brother. Mrs. Scifres and boys went on to Carlsbad and went through the Caverns. The group returned by way of O'Donnell and visited with Mrs. Hines' niece, and also visited with friends at Tahoka.

"I have yet to meet a man who could get along with so many people—so well—in so many places." This was the tribute to Gib Sandefer by Melville de Mellow, Managing Director of the All-India Radio Station, Delhi, India.

GREETINGS:

To the Voters of Jones County:

I wish to take this method of soliciting your vote. I have tried to see each of you, but as you know, that is impossible.

If you see fit to elect me for sheriff, I will serve you to the best of my knowledge and ability.

Your vote and influence will be greatly appreciated.

Thank you,

MOSE M. JONES

CANDIDATE FOR SHERIFF OF
JONES COUNTY

Friendliest West Texan

FOR REPRESENTATIVE 17TH CONGRESSIONAL DISTRICT

"Son, I've met thousands of people in this world, but never a man I didn't like," the late Will Rogers told a youthful Gib Sandefer 20 years ago on the Hardin-Simmons University campus, where the famed humorist and good-will diplomat was a guest.

And that oft-repeated saying of Will Rogers has been Gib Sandefer's creed down through the years. He has traveled the world over, and everywhere he has made and left friends.

Gib Sandefer was born and reared in the 17th Congressional District. He is 40, married and the father of one daughter. He is not wealthy, not aspiring to attain great quantities of the world's goods, but finding greater wealth instead in the friendships of his fellowmen.

He attended Abilene Public Schools. In 1927 he was graduated from Hardin-Simmons University, where for 31 years his father, the late Dr. Jefferson Davis Sandefer, was president. He remained with the University as business manager of athletics and as manager of the famous and colorful Cowboy Band. It was through his ability to make the right contacts that the band toured 12 foreign countries, gave command performances before the crowned heads of Europe, and traveled 500,000 miles spreading in music and spirit the tradition of the West Texas Cowboy.

In 1929 Gib Sandefer bought a small ranch in Nolan County, and operated it with success until disposing of it in 1942.

He declined a Navy commission that carried a desk assignment in Washington, D. C., to become a field representative of the American Red Cross in various combat areas of the recent war—in Africa, Italy and in the China-Burma-India theater. Home, he toured the United States as a lecturer asking for greater world fellowship and a more thorough understanding of the other man's problems as the means of assuring peace in the world. He recently declined a lucrative radio contract in order to offer his services in a far greater field—as representative of his district in the halls of Congress.

 E. C. WALDROP
 D. I. (IKE) WEST

0-Day Credit May Be Extended Vets Buying Surplus Property Units

Hamlin area veterans are interested in the announcement that Uncle Sam will extend a 30-day credit to Texas veterans who are owners of established businesses and to other business men who want to buy surplus property at forthcoming "on site" sales to be held in the Fort Worth region. Announcement was made this week by Hamilton Morton, WAA regional director.

Credit arrangements must be completed before the sales begin and buyers will have to pay cash unless they bring a "letter of credit" issued by the Fort Worth regional office. Applications for credit may be made now by formal application by mail or in person to B. E. Winder, chief of the War Assets Administration's regional credit division, T. & Building, Fort Worth.

Total of \$35,000,000 worth of surplus property is expected to be offered at seven "on site" sales in the Fort Worth region during July, August and September.

To Voters of Jones County

You doubtless know that for some months I have been making an extensive campaign for the office of County Judge. It is unthinkable that I could have contacted every voter as I had hoped, so just in case I missed seeing you, please accept this as my personal solicitation of your support.

You have granted me the pleasure of many an interview and my brief visits at your doors have better qualified me for my citizenship. I said February 8 in these columns that I had been a resident of your county since 1905. I'm now even more delighted to proclaim it.

I married a Jones County Girl; have grown my family up here; have grandchildren in the county whose granddaddy is 56 years old and will be buried in this county by previous arrangement on a parcel of land purchased, coped and kept unto that day.

Apart from my long ministry in the church of my childhood I operated a profitable lumber business 3½ years for Penick-Hughes Company, Stamford, and served on Jones County's Commissioners Court 10 years. Have been intimately associated through the years with the office to which I aspire. I pledge you my ability to administer the office with dignity and honor, and will if elected operate your county government efficiently and economically.

With full reverence toward the legal profession, and certainly toward my worthy opponents, I remind you that in 1944 Texas elevated more than 100 citizens to this office who were not licensed to practice law. Should you grant me the pleasure of support in the coming primary I pledge you the best that there is in me. Should you choose otherwise, I pledge you no ill-will.

Fraternally,

JOEL V. GRIMES

L. B. Petty Serving in Japan with Paratroop Unit as Supply Clerk

Private First Class L. B. Petty, 19 years old, of Hamlin, is a paratrooper now serving with the 11th Airborne Division. His unit, the First Battalion, 187th Parachute Infantry Regiment, is stationed in Hakodate, Hokkaido, Japan, and his occupational duty is fuel supply clerk for his battalion.

Private First Class Petty was inducted into the service at Fort Sam Houston, Texas, in March, 1945. He received infantry basic training at Camp Fannin, and in September, 1945, qualified as a parachutist at Fort Benning, Georgia. In March 1946, Petty joined the 11th Airborne Division overseas at Hokkaido, Japan.

Prior to his entrance into the service, Petty was a student, and at the present time plans on furthering his education, becoming a petroleum engineer, after he is discharged from the Army.

Having served in the Pacific Theater, Private First Class Petty can now sport on the chest of his combat jacket the following awards: Japanese Occupation Ribbon, Good Conduct Ribbon and the Victory medal.

COMMITTEES FOR ROTARY YEAR ARE NAMED BY TEAGUE

Appointment of working committees for the Hamlin Rotary Club for the new fiscal year beginning on July 1 was announced this week by Tom Teague, president of the civic club.

The committees follow:

Classification Committee—Frank Waggoner and Ivy Witt.

Program Committee—W. F. (Bill) Martin and J. C. Turner.

Fellowship Committee—Emmett Yeats, J. T. Crawford and Dan D. Jones.

Attendance Committee—Arthur Albritton, Bowen Pope and J. B. Bowman.

Membership Committee—Manney Johnson and O. D. Roland.

Rotary Information and Magazine Committee—Ira Clements and Bowen Pope.

Rural-Urban Committee—Elmer Feagan and O. D. Roland.

4-H Club and FFA Committee—Claud Blankinship and Gean Witt.

Youth Service Committee—Gean Witt and Pat Marlow.

Veterans' Activities Committee—Pat Marlow, E. W. Cox and Brandon White.

Community Projects Committee—Eddie Jay and Paul Bryan.

Employer-Employee Committee—Tom Vaughan and Fred Carpenter.

Buyer-Seller Committee—Clyde Huff and M. T. York.

Ethical Standards Committee—John O'Neal and W. C. Weir.

International Service—Bowen Pope, Gean Witt and W. F. (Bill) Martin.

Home Agent Advises Shrubs Not Be Pruned After First of August

If you haven't pruned your shrubs by late July, wait until next year, Hannah Nabors, county home demonstration agent of Jones County, this week advises readers of The Hamlin Herald. Shrubs should not be pruned after late July.

Cutting back in summer tends to hold back growth of limbs, twigs and leaves and aids the plant to form a crop of fruit or flowers next spring.

Prune out also all dead and diseased limbs and any branches which crowd other plants or get in the way of windows or paths.

Generally speaking, any deciduous shrubs—those which shed their leaves in the winter time—should be pruned at the same time.

Plants may be fertilized after pruning. Fertilizing later in the summer develops new growth which may be frost bitten before it hardens. Late pruning may do the same thing.

Olin Culberson

Chairman of the Texas Railroad Commission, candidate for a second term as

RAILROAD COMMISSIONER

Bases his candidacy on his record of economical administration, his hard fight to conserve the Texas natural gas supply and his consistent drive for the removal of the freight rate discrimination against Texas farmers, fruit and vegetable growers, ranchers and other producers.

"I have carried out my pledges to follow the 'open door' policy of honesty and friendliness in the Commission's Austin office, have abolished 'favoritism' in Railroad Commission oil and gas regulation, truck, bus, rail and utility matters and have vigorously fought every attempt of federal control of oil and gas in Texas," said Mr. Culberson in his first re-election announcement.

"But the fight to make of the Texas Railroad Commission what Jim Hogg conceived it should be when he battled the 'special interests' to create the Commission has just started. Governor Hogg saw it as guardian of the people's rights and the public wealth. Olin Culberson sees the Commission's duty in that same light today. The economic structure of our state is founded largely on our great oil industry and our natural resources must not be squandered now but must be conserved for the welfare of future generations as well as for the benefit of the present. The oil, gas and transportation industries are safe in the experienced hands of Olin Culberson. One of the prime projects of my first term has been to stop the waste of gas. I have also worked to check the heedless and unrestricted exportation of our natural gas into states having cheap coal. I am most proud of my record on the score," said Culberson.

Culberson's greatest single achievement was his steadfast refusal to agree in 1941 to put into effect at once a 6 per cent increase on railroad freight rates on intrastate business ordered by the Interstate Commerce Commission. All 47 other states did put the increase into effect, costing their people plenty by doing so. A year passed, during which time Culberson still argued and delayed the installation of the 6 per cent hike in freight rates in Texas, and then the Interstate Commerce Commission suspended its order. The saving to Texas shippers was approximately \$5,000,000, proving that courage on the part of a public official pays great dividends when that official is devoted to the public welfare and is not afraid of political consequences when he fights for the people.

Chairman Culberson, nearing 60 and a veteran of World War I, was born in Coryell County. As a young man he worked in the Katy Railroad yard at Hillsboro as a switchman. He is truly the first railroad man to ever be elected Railroad Commissioner. He served Hill County both as County Clerk and then as County Judge before moving to Edna, Jackson County, in 1928 and engaging in the mercantile business and farming. Olin Culberson is a member of the Presbyterian Church, Lions Club, American Legion and is secretary of the Texas Volunteer Firemen with organizations in 515 towns, which membership is composed almost in its entirety of veterans of World War I or World War II.

PROGRAM OF WORK OUTLINED BY HEADS OF ROTARY UNITS

A busy club year is in the offing for the Hamlin Rotary Club, according to an outline of a year's work program by committee chairman who spoke at Wednesday noon's luncheon of the civic group at the Morgan Hotel. Chairman explaining activities were Tate May, J. C. Turner Jr., Mac Brundage and Bowen Pope.

The chairmen reviewed the various committees that were announced several days ago by President Tom Teague. Personnel of the committees may be found in another column of today's Herald.

Pope, in expounding his duties as chairman of international relations declared that every member of the club, in the small city of Hamlin, as a part of the state of Texas and the country of the United States, can do much to create better relations with other nations of the world. He urged attendants to be better neighbors with Mexico and South America, which, he said, are becoming closer and closer with improvement of communications and transportation.

Guests at the Rotary luncheon Wednesday included, S. J. Treadaway, W. K. Miller, Frank Etter, Robby Robinson and Gene McDaniel of Abilene, Luther Watson, L. A. Wilke and Elmer Wright of Sweetwater, George Jackson and C. K. Francis of Stamford and Ralph Wright of Stamford.

Livestock Prices Soar To Record New Highs

Cattle and hog prices spiraled to new high ground last week-end, although a softening undertone in the lower grades took the heat off buyers in later parts of the week-end.

Beef animals at Chicago reached a new historical peak of \$26.35, up 85 cents from the new record set last Tuesday.

Values on hogs reached the highest levels in 27 years at most markets. A top of \$22 went to good and choice lightweights at Chicago.

RAINY DAY FAVORITE

Favorite rainy day wear among young things is this new raincoat done in cotton Byrd cloth. It's zipper-closed all the way down the front, has raglan sleeves and a flattering hood that goes to the head once the rain drops start to fall.

Eighteen Boys Go to Lueders Encampment From Baptist Church

Eighteen boys from the Hamlin First Baptist Church were this week attending the annual encampment for Royal Ambassadors, junior boys' organization, at Lueders. The camp for District 17, composed of 12 counties, opened Monday morning and was scheduled to be concluded Thursday afternoon.

Carl Smith is counsellor for the group. He and Rev. John H. Osteen, First Baptist Church pastor, accompanied the boys to the camp. Rev. Osteen conducted the morning devotional period each day. Floyd D. McCoy, educational director at the Hamlin church, was leading the song services for the camp.

Boys making the trip included Ben Niedecken, Billy Deel, Kenneth Barnett, Billy Sneed, Richard Clemmer, Sherrod Shaffer, John Watson, Eddie Blackwell, Billy Bivens, Marshall Bivens, Bobby Jack Hindman, Jimmy Pitcock, Robert Angel, Nelson Lowe, Bill Bellah, Robert Altom and Ben Bivens.

McCaulley Meeting Begins.

A series of revival services begin Sunday morning at the McCaulley Church of Christ, according to officials of the church. Third Sunday in July has been customary time for the McCaulley meeting for many years. The public is invited to attend the revival.

HAMLIN SCHOOLS TO GET \$45,000 FROM STATE PER CAPITA

Hamlin Consolidated Independent School District is slated to receive \$45,387 in state per capita apportionment for the coming year on the basis of 1,107 scholastics now included in the combined school district. This total is reached by multiplying the \$41 per capita set last week by the State Board of Education by the number of students in the district.

The \$41 per capita allotment was set recently by the state board at \$35 per student for the coming school year plus a special amount of \$6 taken from a surplus in the educational fund. The per capita apportionment for the school year closed in June was \$30 per student.

Since there are nearly 5,000 students in Jones County, the sum of money which the state will furnish to the schools will be approximately \$205,000, according to the county superintendent's office at Anson. This is an all-time record for Texas school apportionments.

Son—"Pop, I got a lickin' in school today and it's your fault."

Pop—"How's that, son?"

Son—"Remember when I asked you how much a million dollars was?"

Pop—"Yes, I remember."

Son—"Well, 'a helluva lot' isn't the right answer."

An optimist is a fellow who plants a couple of trees and then dashes to town to buy a hammock.

Hospital Specifications To Be Ready in Week

Martin Clements, architect for the Hamlin Memorial Hospital, was here Tuesday from Wichita Falls conferring with hospital officials. He told a Herald reporter that plans and specifications for the projected Hamlin hospital would be completed in a week or so.

Clements formerly lived in Hamlin, having left here a number of years ago to do architectural work in the North Texas city.

Housewives Urged to Help Can Peach Crop

Full cooperation of every Hamlin and Jones County housewife is needed to move the large peach crop now coming to market, W. H. Cook, chairman of the Jones County ACA committee, announced this week.

Current national crop is estimated at 81,065,000 bushels, only one per cent below the 81,600,000 bushels produced last year, the highest crop on record, he said. More than half of the new crop will be in consumer markets during the next 30 days.

Peaches are good, whether eaten raw or cooked, and may be prepared in numerous ways to provide variety in meals. Since commercially canned fruits will not be large enough to meet consumer demand during the coming months, now is a good time to home can, freeze and dry enough for use during winter months, he explained.

Phone 241 and tell us your news.

Shackelford County to Vote on Hospital Bonds

Hamlin and Jones County friends are interested in a petition signed by 160 people requesting a county-wide \$65,000 bond election for the purpose of erecting a county hospital, which has been presented to the Commissioners Court, and it is expected the bond election will be called for August 31.

Albany Chamber of Commerce has as one of its major projects for 1946 the erection of a hospital. Jones County voters recently rejected a \$200,000 bond issue for a county hospital.

The HERALD.

ELZY BENNETT

Will Appreciate Your
Vote for

TAX ASSESSOR- COLLECTOR

I wish to take this opportunity of mentioning briefly my qualifications for the office of Tax Assessor-Collector of Jones County.

I was employed as a bank clerk in a national bank over three years and did administrative and clerical work in the Army for three and one-half years.

I am 25 years of age, married, and Jones County has always been my home.

During my present campaign I have tried to contact all the citizens of Jones County, but realizing this is an impossibility, I take this means of earnestly soliciting your vote and influence in the coming election. Anything done in my behalf will be greatly appreciated.

Sincerely yours,
ELZY BENNETT

Oma Spraberry COUNTY CLERK

Makes Statement to the People
of Jones County:

By way of solicitation of your vote on Saturday, July 27, wish to make this explanation:

Would like to say that the work in the County Clerk's office has been such that it has made it impossible for me to make a thorough county-wide campaign as I would like to have done. The work in this office for this year has almost doubled in comparison with 1944 and 1945, however, I had planned taking the last three weeks in July and seeing as many of you people as possible. But due to an accident which has come about by being attacked by a dog while campaigning in Hamlin, and which forced me to spend several days in the hospital and at home, it has made it impossible to complete my plans.

I have enjoyed serving the people of Jones County as your County Clerk, and wish to thank you for all past favors. If you see fit to return me to this important office, I assure you that I will give you my very best efforts and ability to serve as your public servant.

Sincerely submitted,

Mrs. Oma Spraberry

EX-SERVICE MEN OF AREA FILE CLAIMS AT LUBBOCK OFFICE

About a score of Hamlin area ex-service men's claims for compensation or pension have been handled at the Veterans Administration regional Office in Lubbock since June 1, according to a release from the headquarters, which reports that 4,488 claims have been received since the opening. Of this number 3,042 have been acted upon to date, Benjamin O. Murph, chief of adjudication, reported this week to The Herald.

This means that 3,042 West Texas veterans, or their beneficiaries, will soon know whether or not they are going to receive a pension or compensation check from the Veterans Administration.

About two-thirds of the claims pending are awaiting additional information from the veteran, physical examination or service records.

One out of every four veterans of World War II has filed a claim with the VA for disability pension, VA records show.

More than 250,000 veterans of World War II in Texas, Louisiana and Mississippi have filed pension claims, of which 118,752 were awarded pensions and 121,638 had their claims disallowed.

During the past three months the VA, on a nation-wide basis, has been adjudicating about 365,000 disability claims per month. Over 3,225,000 claims are expected to be adjudicated this year.

The VA has already paid out over \$500,000,000 to disabled veterans of World War II.

Disability pensions range from \$11.50 per month for 10 per cent disability to \$115 per month for total disability.

There are also statutory awards for certain specific total disabilities, such as blindness in both eyes, loss of the use of both hands, or para-

COTTON INSULATION TAKES TO THE RAILS

Cotton insulation advanced one step further into the industrial field when the Illinois Central Railroad recently installed cotton insulation in one of its rebuilt express refrigerator cars at Mc-

Comb, Mississippi, the National Cotton Council reports. In the photo above a workman demonstrates ease with which cotton can be installed in the roof of the car.

VA Teacher and Boys Buy Calves for Projects

T. C. Blankinship, Hamlin High School vocational agriculture teacher, and a group of his club boys were slated to go to Albany Wednesday, where they were to purchase three dry lot calves that will be used as project animals by Hamlin VA for the current year. About a dozen Hamlin boys already have dry lot calf projects underway, Blankinship announces.

A field day trip will be conducted in about two weeks when projects of various club boys will be inspected in the Hamlin area. The boys are conditioning their animals and poultry for the club project show to be held in Hamlin in September, the VA teacher announces.

Some girls are so skinny that all they'd have to do is close one eye and they'd pass for a needle.

plegia (spinal cord injury) which may be as high as \$300 a month.

VA urges Hamlin area veterans who believe they are entitled to a disability pension to file their claim within one year from date of discharge.

Payments on disability claims filed within the one-year period begin from the date of the veteran's discharge. Payments on claims filed after that period start from the date the claim is filed.

COUNTY CLERK NOT IN DANGER AFTER BITE BY HAMLIN DOG

County Clerk Mrs. Oma Spraberry sustained painful but not serious injury last Wednesday morning in Hamlin when a dog attacked her. A version of the incident is given The Herald as follows:

While campaigning in Hamlin, in approaching the home of Mr. and Mrs. Floyd Bevels on Alamo Avenue, some children were playing in the yard, and at that time there were three puppies from another nearby home on the porch, and the Bevels' bird dog—no kin of the puppies—represented the approach of Mrs. Spraberry. Before she could realize what was happening, the dog sprang at her and she threw up her right arm to ward it off. Her arm was grabbed and she jerked it away, causing a tooth to lacerate the arm. Mrs. Bevels and others at the home were as much excited as Mrs. Spraberry, but came to her rescue.

Mrs. Spraberry, in a telephone talk with Mr. Bevels Sunday reported she was doing fine and would be back in Hamlin to resume her canvassing. She was treated at a hospital in Stamford, and from what she says she was greatly shocked by the attack but is not uneasy about the result.

Mr. and Mrs. Bevels regret deeply the unfortunate thing happened, and within 15 minutes after the dog bit Mrs. Spraberry they had it killed. Up to Tuesday no report had been received from Austin, where the head was sent for examination for possible rabies infection. Mrs. Spraberry expressed regret that the dog had been killed.

It's a wonder that songs don't haunt people, the way they murder them.

If it really doesn't rain in California, then the sun sure must perspire a lot.

BILL LEHMBERG IS NEW COUNTY FARM AGENT NOW ON JOB

Bill Lehmburg is new assistant county agent for Jones County, according to announcement made this week by the county agent's office at Anson.

Lehmburg, graduate of Texas A. & M. College in 1943 with a bachelor of science degree in agronomy. He reported for duty last Monday.

After graduating from college in 1943, Bill immediately went to officers' school at Fort Benning, Georgia, where he received his commission in the infantry. He was then assigned to a training center where he spent a year before joining the 94th Infantry Division. Bill stayed with this unit until February, 1945, when he was wounded and returned to the U. S. from Germany. In May of this year he received his discharge from the Army and soon after attended a refresher course for county agricultural agents at A. & M.

C. W. Lehmburg, Bill's dad, was a county agent for 27 years, retiring May 1 at Brownwood. Under him Bill received training and experience during the summer months between school terms.

Men and women between 50 and 60 years of age are safer drivers than the youngsters.

Mental maturity is not reached until 40, and even continues to increase slowly until 60.

COTTON QUIZ

HOW ARE PRINT DESIGNS PUT ON COTTON FABRICS?

\$1.00 CALVES

Would you give \$1.00 to save that calf sick with Scours or Diarrhea? Durham's Combination Treatment is a Veterinary Prescription which combines a new sulfa powder with an intestinal astringent liquid. It has proven so successful for Calf Scours that we sell it on a Money-Back Guarantee. If a \$1.00 treatment does not save your calf your \$1.00 will be refunded by REYNOLDS DRUG STORE

Carolyn Greenway To Sail for Europe Soon

Visiting in the home of Mr. and Mrs. Roscoe Greenway the past week was Captain Carolyn F. Greenway of St. Louis, Missouri, who is preparing to go to Europe. She was joined here by her sister and husband, Mr. and Mrs. Dalbert Barron of Borger, and Guy Greenway of Crane.

Captain Greenway was one of the first Hamlin girls to join the WACs. She has been more than four years of Army service. Scott Field, Illinois, has been her base for several months.

The man who gives in when he is right is married.

Allan Shivers Is Fully Qualified

Senator Allan Shivers is the only candidate for Lieutenant Governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the Lieutenant Governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is also the only war veteran seeking the Lieutenant Governor's office.

SPECIALIST GIVES DEMONSTRATION IN ANSON ON BREADS

Demonstration on making yeast breads was given for 14 Jones County Home Demonstration Club women by Edith Lawrence, food preparation specialist of the Texas A. & M. College July 15 at the Woman's Club in Anson. The demonstration is to be carried back to other club members by these representatives at their meetings in July and August. This training was preparatory to a bread show to be held September 10, says Hannah Nabors, Jones County home demonstration agent.

In the demonstration Miss Lawrence showed the steps in mixing and shaping loaf bread, Swedish tea ring, coffee cake and various types of rolls. She also gave training on judging and scoring products.

Recipe for refrigerator rolls, which Hamlin area women may want to try, is given below:

One cake (one-half ounce) yeast one-quarter cup lukewarm water one-half cup fat, one-half cup sugar one egg, two cups scalded milk, one pound 15 ounces (8 cups) sifted all-purpose flour, two teaspoons salt.

Soften the yeast in lukewarm water; add the fat and sugar to the hot milk; cool and combine with slightly beaten egg, yeast and water; stir in the sifted flour and salt until the dough is stiff enough to knead. When thoroughly mixed and the dough no longer sticks to the mixing bowl, turn on clean canvas covered board that is lightly floured and work with palm of the hands until the dough is smooth and elastic. Place ball of dough in greased bowl and turn over once or twice so that whole surface is thinly greased. Cover with clean cloth and lid. The bowl may be placed in a pan of water to adjust the temperature of the dough, which should be kept between 80 degree and 85 degrees.

When the dough has risen to double its original bulk, test by pressing lightly with the finger. If a dent is left, the dough is ready to be punched down. If the dough springs back in place, it should be allowed to rise longer. When dough is light enough, the center should be punched in, the sides pulled over and pressed into the center and the ball of dough turned with smooth side up. It should not be kneaded at this stage. Let dough rise again to the same volume as before. The second rising helps to give a fine, even texture and grain.

At the end of the second rising, cut off as much as needed, shape as desired, and put in a warm place to double in bulk, then bake in a hot oven (400 degrees fahrenheit) for 15 to 20 minutes. Grease the surface of the remaining dough, cover, and put in the refrigerator. This dough can be kept satisfactorily for rolls at least a week.

15 CLUB BOYS OF COUNTY ATTENDING BROWNWOOD CAMP

Fourteen Jones County boys are this week attending the Extension Service District 7 encampment for 4-H Club boys at Brownwood State Park. The three-day camp opened today (Thursday) and will be concluded Saturday afternoon. County Agent H. C. Stanley Jr. of Anson accompanied the group to the camp.

The boys were selected by the Jones County 4-H Club committee from a county membership of 223 4-H Club boys in the county.

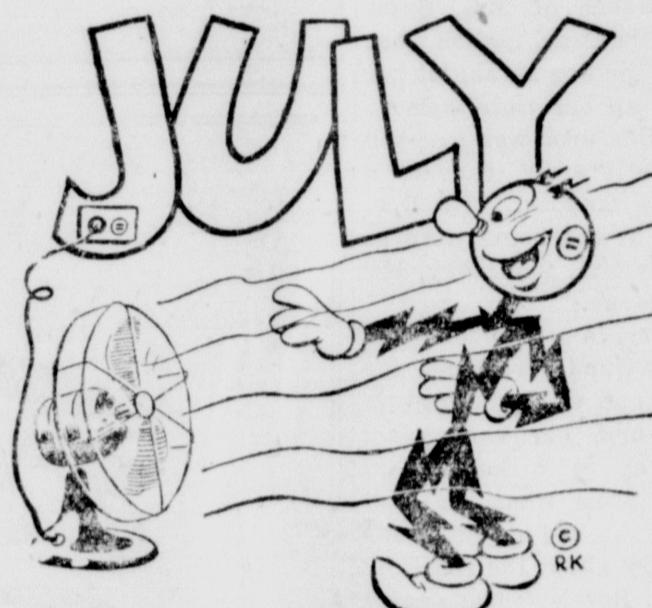

Names of the boys are: Sammie Allred of Hodges 4-H Club, Welton Simpson of Hodges, Don Lee Gregory of Neinda, Jimmy Walsh of Stamford, Max King of Anson, Bobby Wedekind of Anson, Billy Ewell Tarpley of Noddle, Clayton Morrow of Hawley, Aaron Faulks of Hawley, Glen Bolding of Stamford, Harold Shelton of Avoca, Donald Ray Baldwin of Anson and Fred Garvin of Lueders.

Each of the boys was selected on the merit of his 4-H Club demonstrations and interest and attitude toward 4-H Club work, County Agent Stanley explained.

Nicholsons Visit With Claude Owens, Injured

Mr. and Mrs. George A. Nicholson were this week attending the bedside of their son-in-law, Claude Owens of Peacock, who last Wednesday sustained a fractured skull and brain injury when he fell from a truck near Peacock. He was reported doing nicely Wednesday.

Owens is the husband of the former Lucille Nicholson, daughter of the Hamlin couple.

NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Mr. and Mrs. Hubert Bullock of San Angelo spent the week-end with Mrs. Bullock's parents, Mr. and Mrs. Waldo Cox. Other visitors in the Cox home have been Jerry and Delores Cox of Rising Star, niece and nephew of Mr. Cox.

Mr. and Mrs. Roy Elliott of Plains have been visitors in the Robert Scott home for several days. Mr. Elliott returned home Monday, but Mrs. Elliott remained for a longer visit with her parents.

Mr. and Mrs. Phil Murphy of Lubbock were week-end visitors in the A. F. Dozier home.

Mr. and Mrs. Earl Montgomery and children of Corpus Christi are here with their parents, Mr. and Mrs. J. P. Montgomery. They will go from here to Lorraine to visit other relatives.

Billie Jo Jackson of Wichita Falls is here visiting Mr. and Mrs. J. A. Edwards.

Ruth Allen Josey, who has been living in California for the past several months, is home now with her parents, Mr. and Mrs. A. L. Josey.

Mrs. H. B. Ward returned Tuesday from a visit at Big Lake.

The Methodist revival closed Sunday morning. The pastor, Rev. A. B. Armstrong, is now holding a revival at McCauley.

Marvin Maberry of Arlington has joined his wife and son here for a visit with relatives here and at Roby. Mrs. Maberry and son came a week ago and have been visiting Mrs. Maberry's parents, Mr. and Mrs. C. A. Gray.

Mr. and Mrs. Loyce Smith returned Thursday. They have been at the bedside of Mrs. Smith's sister, who is seriously ill.

Mr. and Mrs. Joe Spikes have been visiting Mrs. Spikes' mother, Mrs. B. Ward.

A. D. Williams suffered a heart attack Friday and was carried to the Rotan Hospital, where Mrs. Williams has been a patient for several weeks. Mrs. Williams is improved, but Mrs. Williams is still confined to the hospital.

Guests were met at the door by Ruby Stevens, who then invited them into the dining room to be served.

The table was laid with a cream lace cloth and in the center of the table were a miniature bride and groom under an altar of white honeysuckle. A cut glass punch bowl was surrounded by an assortment of summer flowers. Dainty cakes and fruit punch were served, and small napkins bearing the names of "Frank and Carol Deane" were used. Favors shaped as silver bells were given to guests. Throughout the rooms beautiful bouquets of zinnias were arranged, contributing to the decorations.

Oretha Sipes presided at the punch bowl, and Ruth Stevens at the guest book. Meddie Grace Herron showed the gifts, which were displayed in an adjoining room.

Among those who took part in a short program were Shirley Lawlis, Willa Jo Rogers and Mrs. Vivian Lawlis, who gave readings. Bonnie Sipes sang.

Guests at the tea were Mrs. Truett Jeffrey, Mrs. R. T. Jones, Mrs. M. E. Herron, Mrs. H. L. Jones, Mrs. B. K. Vancil, Mrs. A. D. McCain, Mrs. Juanell James, Mrs. T. B. Stevens, Mrs. S. L. Hooper, Mrs. Ollie Skidmore, Mrs. P. D. Skidmore, Mrs.

POT-SHOTS FROM McCARLLEY

BY GEO DARDEN

Mr. and Mrs. Ben Short left Saturday for Gorman for a visit with his mother, who Sunday celebrated her seventy-ninth birthday. The Shorts will also visit Mrs. Short's brother, V. W. Day, at Gorman.

The George Dardens attended the county-wide political rally sponsored by the Parent-Teacher Association at Longworth last Thursday night. Almost all of the Fisher County candidates were there and made speeches in their behalf. This scribe went over to "pinch hit" for Gib Sandifer, who was unable to attend because of another rally at Cross Plains. A pie auction sale was featured with all proceeds going to the Longworth Parent-Teacher Association.

Wilson Smith of Winters is visiting in the home of his mother and a sister, Mrs. Roy Hennington.

Sergeant Johnny Griffin and wife of Grand Island, Nebraska, are visiting his parents, Mr. and Mrs. Jack Griffin. They will leave soon for Alaska, where he will be stationed in the 15th Air Forces.

Mrs. Sybil Stevenson of Abilene was a visitor in the home of her parents, Mr. and Mrs. Jack Griffin, over the week-end.

Jerry Maberry of the United States Navy is home for the first time in many months. He is the son of Mr. and Mrs. J. D. Maberry.

The Methodist meeting began last Sunday at the tabernacle, Rev. A. B. Armstrong of Sylvester is doing the preaching. You are invited to attend.

Mr. and Mrs. Paul Benhing and his mother, Mr. A. J. Benhing of Tulsa, Oklahoma, were last week-end visitors in the home of Mr. and Mrs. O. T. Hennington.

Well, folks, the governor's race has boiled down to this: Money and slander vs. Homer P. Rainey and the people of Texas. Let's write the verdict next Saturday in favor of Rainey and the people.

Mr. and Mrs. Bill Edison and son, Don, of Sweetwater and Mr. and Mrs. Fred Aspin of Yuma, Arizona, visited last Sunday in the home of Mrs. Zelma Rush and daughter, Jerry.

Mrs. Roy Hennington and Ruby

Hennington and the following girls—Carol Hennington, Sara and Gene Kean—attended the girls' encampment at Lueders last week.

Mr. and Mrs. Jack Perryman and daughter and Betty Lou Sanders visited their mother and grandmother, Mrs. Perryman, in McCaulley last Sunday.

Mr. and Mrs. Horace McCain of Greenville were visitors last week in the home of her parents, Mr. and Mrs. W. F. Davison.

Leo Masser is home from Germany with a discharge. He plans to take it easy for awhile before going back to work. His wife is the former Betty Jo Abbott of this community.

Comment No. 1—If there were no people interested in politics in these United States and to how this government was run and the men who run our government, then we might as well turn back to the rock ages and live in caves and live by force alone.

You will hear some folks remark that it makes no difference who is elected to any office. Such a remark comes from the lips of those who have very little interest in what is going on.

One of the most important jobs that pertain to all the people is that of congressman. Congress makes the laws, and a poor representative is worse than having no representative.

Saturday, July 27, is the big day in Texas. Folks will go to the polls to vote for the man or woman of their choice for Congress and the other jobs that are a gift of the people. All of us want to vote for the right man, the man who we think will represent us better and the man who has the ability to serve our district with honor to himself and his people.

We know of no man who has more ability, more "honest-to-goodness hoss sense" than our good friend and everybody's friend, Gib Sandifer. Gib will be in the run-off with one of the other seven candidates. Our prediction is he will lead the ticket, and we can rest assured that whoever is in the run-off with Gib will go into

Jones County Parents Urged to Get Transfer For Moving Students

Only four more days remained for Jones County parents to transfer their children from one school district to another for next year, according to B. T. Beaver, county superintendent of schools. All parents wishing to transfer their children are urged to do so by August 1.

Transfers will be approved or rejected by the county school board when it meets in next regular session. Scholastics will then be certified for state aid appropriations.

In cases where consolidations have taken place, and students will be going to another district, the transfers will be made by school officials without being attended to by the parents, it is explained by local school authorities. In the case of recent consolidations by the six school districts in the Hamlin area with the Hamlin Independent School District, transfers will be handled through regular Hamlin school offices.

Music Lover: A man who on hearing a soprano in a bathroom, puts his ear to the keyhole.

the run-off knowing that Gib Sandifer is not the kind of man who will seek to go to Washington by indulging in a "smear" or mud-slinging campaign. He has too much love for his fellow man. If elected, he wishes to be elected on merits alone and not the demerits of his opponent. "Give us Gib" and we will have a man from the 17th District who will represent all of the people all of the time so long as he remains in Congress.—A Darden-O-Gram.

H. G. Scoggins, Former County Pastor, Passes

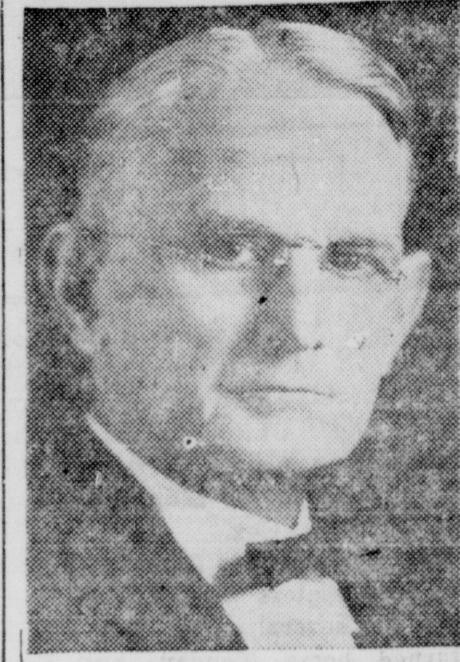

Funeral was held at Georgetown last Wednesday afternoon for Lieutenant Colonel Harold Grant Scoggins, 52, Army chaplain, and former pastor at Anson before entering the service.

Scoggins died of a heart attack according to information received in Hamlin. He served as a chaplain in both world wars. He served pastorates at Post and Anson, then was transferred to the New Mexico Conference, serving at Las Cruces and Artesia.

"Did you have a pleasant day?" "No, Mrs. Smith and Mrs. Brown both came, then they left together. I had a lot of things I wanted to tell Mrs. Smith about Mrs. Brown and a lot more I wanted to tell Mrs. Brown about Mrs. Smith, and I couldn't say a word."
